

## AWS Notes

"It's a woman's world," still, due to circumstances beyond our control, and monotonous as it may seem.

... Bouncy, energetic Janet "Pewee" Ross (we know the cutest story about her finding a bear "with teeth" in her bed one night) was selected unanimously (fanfare) chairman of the forthcoming Coed Capers on November 12, by the AWS council Wednesday afternoon. It's our personal opinion that she'll really put it over.

Be sure and go to Gerlinger today at 4 p.m. (plug) because a very interesting person, a certain Mrs. Stanley Chin is going to give an interesting talk, and lots of interesting people will be there. Incidentally, assemblies aren't going to be compulsory for freshman women. They'll just be politely asked to go.

Shades of things to come: An AWS auction is coming up just as soon as enough articles have been lost and found.

Some "bang-up" assemblies are in the offing (to use a favorite adjective of Marge Dibble's) under the chairmanship of Miki Campbell and Mary Bentley, and sponsorship of AWS, to have prominent members of the faculty to give talks in the music building at some time during fall and winter terms. A lecture on jazz, by Mr. Hoyt Franchere, which

## What To Wear To Rate a Date

By JEAN FRIDEGER

The new crop of freshmen seem to have descended upon us with oodles of glamorous date dresses. Here are just a few you'll be noticing at the Holland, at radio dances, and on Sunday show dates at the Mac...

**Shirley Beller's** black silk crepe, with bracelet length sleeves, and shoulder sequins rates her an A in fashion... **Dorothy Vandenevnde** votes for the peg-top dress. Especially if it's a blue sequin dream-job like the one she's been wearing... **Joan Woodward** looks like a Vogue model when she wears her beige wool. Notice the two brown velvetene leaves on bodice and shirt... plenty smooth... **Edith Davis** steps out in red rabbit hair and wool number.

It's another peg-top dress that has plenty of it... **Shirley Hicks** sparkles in a light blue dress with silver nailheads and glamour plus... **Joan Hart** has the best looking black crepe you've seen in many a day. It's draped and boasts a 6-inch rhinestone buckle that is something... **Dorothy Mott** wears a white wool with clever flowered border, plus colored shoes... **Claire Demmer** has that tailored look when she wears her navy crepe. Its bodice is laced with green and white plaid ribbon that matches her green shoes... **Martha Harrold** rates in a draped black crepe with silver jewelry touches. Plenty swell... **Mary Wright** gets

was going to be given last year, is tentatively planned. Also, there might be a talk about the WAACS and WAVES by someone who knows all about it.

The following is just to fill up space, so ignore it or otherwise. It happened at ye Heads-of-Houses-sponsored and thoroughly-hashed-over Bunion Derby. On the last mile, a friend of "ours" strolled casually over to where "we" were standing holding a record of "Amen," and inquired, "Are you dancing tonight?" "We" leered up into his physiognomy (face to you) in "Oh-Brenda" fashion, dropped the record, politely screamed, "Why, yes!" and made a wild lunge for him so he couldn't get away, whereupon he politely queried, "Who with?"

It's a great life if you don't weaken, etc. (unquote). Also, tired as you may be of being reminded of the fact, "It's a woman's world, gurlies."

her JC in fashion when wearing her olive green gold nailhead dress. Shirring and varied sized nailheads put that sparkle in your eye.

Oregon coed migration of football-minded beauties will take the fashion spotlight in Portland come this weekend.

In case you're wonderin' just how to wow 'em here are a few numbers that will rate you A-1 in news at the U.

### Bright Spots

One of those luscious jersey dresses, a beautiful, bright color like red or Kelly green plus shapely lines is rating stars. Top it off with fur coat and the usual "lemon and green mum." Green with red, brown with yellow, blue with brown are all good football colors. Take your hat keynote from high season's colors... and be bright.

It's an Oregon tradition to arrive at the game in a 3-piece suit. Just right if they're tweeds... topcoat, jacket, and skirt. If in doubt you'll always be OK in suits with verve, typically American in spirit... tailored to keep smooth lines, sleek shoulders. Stroock's stunning wool coats will rate top news during all quarters.

If you're one of the lucky and luxurious few you'll wear a new Aralac coat. Yes, it's the new textile fibre made from milk.

### Datin' Stuff

To be in the trim for parties after the game why not wear a wool all-round-the-clock dress under your fur or topcoat. Your hat should carry out the sport (Please turn to page eight)

## I Sez Here..

I think it would be a disgrace To curl my hair or paint my face A sinful thing, I must repeat, It savors strongly of deceit. And then, I don't approve at all Of nicotine or alcohol. Only evil people dance And play at flirting and romance I sit at home, but I don't care—I dearly love my solitaire... —By Betsy Wootton
