

Adults to Start Classes in PE

Adult recreation classes for men of the town and University faculty will be held beginning this Thursday at 7:30 in the men's gymnasium at Fifteenth and University streets. The class includes such sports as basketball, volleyball, handball, boxing, wrestling, badminton, and apparatus and tumbling. All sports equipment is furnished except badminton rackets and cocks. All personal equipment except shoes is provided.

A class of at least 50 men is needed to meet expenses of the program. The cost for ten weeks is \$2.50 for one meeting a week or \$4 for two meetings a week. Those enrolled will be decide at their first meeting which plan they prefer.

With an extensive and varied program such as this, each man should be able to build his body conditioning program to meet his particular needs in strength and endurance, according to Dr. Dr. Ralph W. Leighton, dean of the school of physical education.

Similar classes for women are being planned and will begin October 20. A fuller account of the women's section will appear in a later edition of the Emerald.

Bequest Started

A bequest of \$1000 from the late Julia Burgess, to be given for the best poetry written each year by an undergraduate, was disclosed by the University library recently.

The Burgess book collection in the library was also furnished by Julia Burgess.

Dr. Bernard in Idaho

Dr. Harold Bernard, former professor of education, who is serving as a lieutenant in the United States navy is now stationed at the naval training station in Farragut, Idaho, according to word received at the education department yesterday. Dr. Bernard is in charge of administering naval classification tests.

Students Use Library More Than Last Year

The University library has subscribed to the Library of Congress catalog, a 160-volume author record of all books in the Congressional library through July 31, 1942, according to Willis Warren, head librarian. The volumes will be placed in service as soon as they are received, he said.

Penalty Made Clear

It has been announced by Karl Onthank, dean of personnel administration, that the penalty imposed on a fraternity recently by the discipline committee provides that the fraternity shall be denied the privileges of pledging

Dr. Jones Serves

Dr. W. C. Jones, head of the political science department, served with the U. S. civil service commission as review and negotiations officer from June 1 until October 1, making his headquarters in Washington, D. C.

Dr. Jones approved appointments of administrative personnel for governmental agencies, including the OWI, FCC, public health service, office of censorship, war relocations authority, and federal funds control. He also established school centers in various Japanese resettlements.

or initiating members, instead of rushing and pledging as was announced last week.

Mrs. Underwood Airs KOAC Music Program

Mrs. Aurora Underwood, pianist and teacher in the University music school, will play music of Chopin on the faculty series of concerts tonight at 8 over KOAC. Mrs. Underwood will play "Mazurka in D," "Mazurka in B Flat minor," "The Butterfly Etude," "Impromptu in A Flat," and "Waltz in C Sharp minor."

This is the second in the faculty series of concerts presented by the University music school. The student series of concerts is presented on Wednesday nights. All programs originate in the extension studios on the University campus.

Students—Let's talk about death! Let's not dodge the issues—let's face facts. A lot of good American fighting men may soon have to die for want of scrap! Oregon must yield 100,000 tons.

**IF YOU FAIL
SOME BOY
WILL DIE!**

WE'RE talking facts, remember! Such as the fact that steel for every tank, ship and gun must be made of 50% scrap. And the terrible fact that America's mills are starving for this scrap—without enough on hand for even 30 days more production!

Which puts it up to you!

Monday, October 5, starts the big scrap metal drive. And you, as a business man, have a double job to do. Clean out your home—and

scour your place of business, factory, office or store . . . for every single bit of scrap.

And when you see the stockpile grow—for the mills to take when it's needed—be glad that you've done your part . . . that your work may have saved some boy from a needless death!
