

Aircraft Crash Kills UO Alum

Former University football player Dale Lasselle was killed somewhere in England as the result of an airplane crash on October 3, an Associated Press dispatch disclosed today.

Lasselle, a student here in 1938, was a captain in the air corps. No particulars of the crash were given by official sources. Lasselle played halfback on the varsity team while in school, and was a member of Beta Theta Pi.

Word of his death was received by his parents, Mr. and Mrs. S. A. Lasselle of Portland.

Alums Recall Oregon; 'Old Oregon' Keeps File

Letters from alumni in England, Australia, and Alaska have been received by Elmer C. Faussett at the alumni office, according to Jean Parker, records clerk.

Wartime experiences abroad are told by the former students, who keep in touch with the University through Old Oregon, alumni magazine.

The magazine, sent to them each month, is the source of many connections made with alumni now in the armed service.

Hard to follow since the war, the records have been more easily kept than was expected, Miss Parker explained. The files of all addresses are kept through letters and cards from the men who have managed to find an Old Oregon and are interested in telling where they are located and what they are doing, Miss Parker said, if it isn't a military secret. The files are seldom more than a month old.

Phi Chi Theta Sponsors Tea for Frosh Coeds

All freshman coeds majoring in business administration are invited to attend a tea Thursday afternoon at 4 in the alumni hall of Gerlinger, Dorothy Walworth, president of Phi Chi Theta, announced.

The tea is sponsored by the women's national business honorary to give the new students an opportunity to meet members and officers of the honorary. Phyllis Taylor will play the piano.

The honorary has planned a series of meetings in line with the plans which Miss Walworth brought back from the national convention she attended in Madison, Wisconsin, this summer.

Officers are as follows: Miss Walworth, president; Francis Montag, vice-president; Leah Befus, secretary; Betty Perry, treasurer; and Alene Gardner, historian and co-chairman of the Thursday tea.

KOAC Concert Program Bills Oregon Students

The student concert series over KOAC tonight will feature Margaret Zimmerman, soprano; Betty Jean Bennett, Phyllis Taylor, and Everett Fulton, pianists.

Betty Jean Bennett will play "At the Convent," by Borodin; "Cottiwog's Cake Walk," by Debussy, and "Hopok," by Mussorgsky. Margaret Zimmerman, accompanied by Phyllis Taylor, will sing "Adlersheen," by Richard Strauss; the aria "Vissi D'Arte," from the opera "La Tosca" by Puccini; "I Am Thy Harp," by Woodman, and "Morning Hymn," by Haenchel. Everett Fulton will close the program with the presto and minuetto from the sonata in D-major by Beethoven.

Student Use of Library Rises Over '41 Figures

Figures recently released by Willis Warren, acting librarian, show a slight increase in student use of the University library for the past month of September as compared with its use in September, 1941.

The circulation department figures show that 4583 books were supplied students last month, while only 4197 were used a year ago.

Students have used 652 books from the reference departments this year, 72 more than were used from this department during September of last year.

Requests for 2250 books was reached this year by the reserve division, showing a slight increase over the total 2228 of September, 1941. The reference department also answered 226 questions for students, only three more than were recorded for the corresponding time last year. However, Mr. Warren expects a noticeable decrease in use of the reserve section in the near future, due to the fact that more students are buying books of their own.

GERALD A. "TEX" OLIVER . . . former Oregon football coach, whose St. Mary's Pre-Flight school team is making a creditable showing on the Pacific coast.

Filter Center Completes First Year Of Service

The Eugene filter center, an agency constantly on the watch for enemy air attack, celebrated its first anniversary last week, according to Lieutenant Ray F. Siegenthaler, commanding officer.

During the weeks between October 6 and December 7, 1941, 190 Lane county women were trained to spot, report, and plot the courses of all planes in this sector. Now filter center volunteers number around 485, including men, women, and high school students. Each volunteer serves a three-hour shift three times each two weeks. Work on the graveyard shift is voluntary.

Scrap Parade Saturday

Do Your Bit

ROUND UP your scrap metal—it's needed to make steel. Steel for armor plate to protect him from bombs and bullets. Steel for weapons to help him do the job that must be done before he can come home again.

You don't want production figures. It's enough to know that 50% of all new steel is made of scrap—that our steel mills now have only enough scrap in

sight to last another 30 days at the most!

What happens after that depends on all of us. If production falls and you've not done your part, will you rest easy?

Next week the newspapers of Oregon are getting behind a collection drive—to build the biggest stockpile of scrap metal you've ever seen. Then when the mills need it, we'll have it—because you came through . . . for his sake!
