

## 'Beat' the Scrap to Beat the Jap

## SCRAP!

OREGON *Daily* EMERALD

VOLUME XLIV UNIVERSITY OF OREGON, EUGENE, SATURDAY, OCTOBER 17, 1942 NUMBER 18

## THE BIG DAY DAWNS

## THE EMERALD'S CANDID CAMERA . . .

... reveals what is going on in the average University student's mind after four days of frantic scrap collecting.

## Carey Chosen to Play For Soph Whiskerino

George Carey and his 15-piece University of Oregon band have been signed to play at this term's first all-campus dance, according to Bryce Sidesinger, chairman of the sophomore whiskerino slated for October 24 at McArthur court.

Candidates for Betty Coed and Joe College, winners of which will be announced during the intermission of the dance, have been selected by the living organizations.

**Additional Dunkings**

Jim Popp, high sheriff in charge of dunkings, announced that there will be two more dunkings next week for all offenders who fail to meet the whisker-raising rule imposed on sophomore men.

Tickets to the annual class dance are being handled by Phyllis Horstman. Tickets will go on sale in all men's living organizations Monday at \$1.10 per couple.

**Entrants Narrowed**

## Scrap Drive Races Ahead

Geologists claim there are no large metal deposits in Oregon, but from stuff dug up around here the last two days it would be easy to doubt the learned men.

Anything from a hay rack to a fire engine seems logical for scrap transportation, and Canard club is beginning to think a hay rack is better than a car, providing, of course, there are (Please turn to page eight)

## Cloud Chooses Publicity Head

John Mathews, associate editor of the Emerald, was early last night appointed publicity director for the Homecoming celebration by Homecoming Chairman Pat Cloud. Mathews is the third named of six assistants to the chairman. Already appointed are Marion Harris, executive secretary, and Bill Lilly, chairman of the signs committee.

Cloud also sketched plans for the immediate future, saying, "We'll really start rolling when the winning slogan for the event is chosen Monday afternoon."

**Contest Rules**

Entries in the slogan contest will be accepted up until noon Monday, October 19, and will be (Please turn to page eight)

**Scholarship Regulations**

The 2-point requirement. Promulgates retirement.

Time: 10:30 a.m.  
At: E. 5th, Oregon  
Electric Station

By JACK L. BILLINGS

"Beat the scrap, to beat the Jap" will echo, re-echo, and echo again along the lower length of Willamette street this morning as the University in particular and Eugene in general turn out en masse for the first iron-steel pounding scrap-noise parade.

Parade lines will form at 10:30 a.m. on East Fifth street near the Oregon Electric depot, where living organizations will join other Eugene groups, clubs, and just plain citizens for one of the biggest celebrations in the city's history. The rally squad and the University band will join the parade at the starting point.

**Band to March**

All band members are to meet at 10:30 in the ROTC building in uniform. They will be transported by truck to town and will join the parade lines later.

The parade proper will start at Fifth and Willamette, march and roll up Willamette to Thirteenth, then turn left on Thirteenth to Pearl, where all scrap used will be dumped.

**Judges Listed**

Judges for the University's part in the celebration will be stationed in the Shamrock tea room on Penney's balcony at the northwest corner of Broadway and Willamette. Judges will be Miss Janet Smith, employment secretary; Virgil D. Earl, dean of men; Warren C. Price, assistant professor of journalism; and Dr. Will V. Norris, professor of physics.

The awards will be graded 50 per cent on quantity of scrap metal and 50 per cent on amount of noise and participation of organizations. Prizes will be two \$25 war bonds, one to each of the houses in the winning pair.

**Noise Meter Used**

A special noise volume recorder will be used by Dr. Norris to determine which group is the most enthusiastic. Noise must be hand-generated. No electric or gasoline operated motors will be allowed by the judges. Use of special noise-makers such as high-pitched dog whistles to affect the volume recorder will not be allowed.

One motor-driven automobile or truck and as many wagons, trailers or other trucks or automobiles that can be pulled may be used by each group.

**Violators Ousted**

Each organization should have its own signs painted for the occasion and each group should carry an identifying banner or large sign.

Any violation of the rules of the contest which are listed in full in the boxed story below, will immediately disqualify that group. The judges' decisions will be final. In case one of (Please turn to page eight)

## Parade Rules Disclosed

What to use in the scrap iron noise parade:

1. One motor-driven truck or car.
2. As many non-motor-driven wagons, bicycles, carts, or trailers as can be lined up.

Rules for the noise parade:

1. All noise must be "hand generated."
2. All scrap used to create noise must be thrown onto the scrap pile at Thirteenth and Pearl following the parade.
3. Judging will be based 50 per cent on noise, and 50 per cent of scrap volume turned in.
4. Violators to rules one and two will be disqualified.
