

Dean Assigns NYA Positions

Work assignments to 50 NYA workers were made Monday through the office of Karl Onthank, dean of personnel. Cards were mailed to the NYA applicants Saturday, and Monday students appeared in the dean's office to sign pledges and receive their assignments.

Approximately 25 more students will receive their assignments later this week. Applications will still be received from students qualifying for NYA work.

There will be only two payrolls this term, and the pay period will run from the 15th to the 15th of each month. Approximately 80 applications for NYA work have been received this term. Last year the NYA work was divided among approximately 225 students.

The government allotment for NYA work at the University has been cut to less than half of the amount used last year.

Ed Forrest and Al Santucci, number one and two centers, respectively, on the Santa Clara squad, played a lot of high school football in San Francisco. When all-city selections were made in their senior year, Forrest made the first string center berth, while Santucci held down a coveted spot on the second string selection.

Joe Merlo, University of California quarterback, received his final citizenship papers just before the start of this football season. Incidentally, he also got married two weeks before Coach Stub Allison called varsity practice.

And speaking of Allison, here's a pay-off on the popular Bear mentor. For a number of year's Allison's Berkeley home was located on STANFORD avenue. Stanford, of course, is California's traditional Big Game rival.

Ed Stamm, Stanford varsity's senior tackle and acting captain in several Indian games this year, is also student body president on the Palo Alto campus.

Notre Dame's players' bench was so long three years ago that stretched from ten yards behind one goal line to the opposite goal line! Elmer Layden, who was then coach, must have used a public address system when he wanted a man to go into the game as substitute guard!

A second chance is being given this quarter for prospective high school teachers voice recordings to be made at the speech clinic, second floor, Friendly hall from 9 to 11 a.m., and 2 to 4 p.m. on Tuesday, October 27.

K. E. Montgomery, instructor in speech and dramatic arts, will be in charge of the project.
