## Deferment Programs Sign UO Applicants

Oregon men are definitely interested in deferment programs offered by the army, navy, and marine corps, if the response to the visit of the joint procurement board, which concluded its three-day stay Thursday, is to be taken as a criterion.

Members of the board interviewed 688 students. Of this number, 473 took application forms to fill out before the return of the medical board next Thursday, November 5.

**Navy Interviews Lead**  
Navy's combined V-1, V-7 proved of the most interest, with 220 interviews, and 162 applications. Next in line was the army air corps with 155 interviews and 74 applications. Third on the list was navy's V-5 with 110 men "talking flying," and 87 "planning flying."

Close on the heels of the naval air corps was the marine corps. The "Devil-Dogs" attracted an even 100 prospects, 75 of whom took away application forms.

**ERC Draws 75**  
Last in line was the enlisted reserve corps with 90 interviews and 75 applications.

A recapitulation of the men previously enlisted in the reserve classes shows that advanced ROTC leads with 161 men, tying for second are the enlisted reserve corps and navy's V-1 with 125 each.

**Navy 75—Army 66**  
In the fourth spot is navy V-7 with 75, close in the midshipmen's wake is the army air corps with 66, and the marines act as rear guard with 50. These figures were approximated by Dr. Earl F. Kossack, armed forces representative on the campus, from figures of his office.

In other words, if you are interested in newspaper theory, practice, or early childhood training, you're in. Music and dancing will be followed by cider and doughnuts. SDX and Theta Sig are bringing this event to the campus in an endeavor to get everyone in the journalism school acquainted with everyone else.

Music will be by some of the country's hottest bands and the admission is strictly free. Part of the program will be a farewell ceremony for Erling Erlandson who is going into the merchant marine.

So come one, come all to the SDX-Theta Sig "Shack Shuffle" at 3:30 in the journalism building.

## Kossack Clarifies Reserve Requisites

A portion of Oregon's male citizenry has been rather disturbed lately by the grade, hours, requirement set up by Dr. Carl F. Kossack, armed forces representative on the campus.

To clarify the situation, Dr. Kossack made the following statement: "Men who were registered in less than the minimum hours required for retention in the reserve classes at the time of my announcement, need not worry about their deferment being cancelled. They will be retained provided they take the full load next term. Others should check through my office before dropping courses which would bring their load below the prescribed minimum."
