Offering 76 cents an hour for work over the Christmas holidays in distribution of letters and parcel post, the Railway Mail service of Portland recently sent a letter to the registrar's office requesting students to relieve the labor shortage by applying for jobs.

Competent women, as well as men, will be employed, according to C. W. Henderson, chief clerk. Students 16 years of age or over will also be hired, providing they obtain a release from the state labor bureau, 1130 Third avenue, Portland.

Most of the workers will be assigned to duty in or around the Portland area, but a few will be given runs to the company's line in Spokane, Washington, Baker, Oregon, and Dunsmuir, California.

"Prompt moving of Christmas mail is a patriotic duty in helping to keep up the morale of our fighting forces," Henderson stressed.

Although the organization is not a part of the official Portland post office, students may contact the Railway Mail service in 207 post office building, Broadway and Glisan, Portland.
