will give you glowing, crystal-clear complexion by correcting any disorder from within. . . . Don't waste your time and money on lotions, creams and other agents for external application. It has been proven conclusively that beauty comes from within. Some skin disorders react more quickly than others and of the acne cases treated, many showed only slight improvement in the first sixty days. However, the most remarkable fact uncovered in the new therapy is that even the most stubborn cases were corrected in time. You do not have to "put up" with blotched complexion any longer. This vitamin can help you have lovely, velvety skin.
