

Revisions Open Air Enlistments

(Continued from page one)

fications are designated aviation cadets, ground crew, U. S. army air forces; those under the "B" group are privates in the army air force.

Ski Troops

Enlistments are open for men in the ERC as well as for men not in reserves if they are interested in the ski troops.

The University has been assigned a quota for enlistments and all necessary material for enlistment may be obtained from Dr. Kossack's office, 107 Deady.

Army Air Corps

It is imperative that all men who are members of the army air corps reserve report to Dr. Kossack's office at once.

Information is lacking as to the serial numbers, and date of enlistment of men. This information has been requested by the army, and will be very important in determining the final status of the enlisted man. Failure to report may result in immediate call.

All men who are in the air corps reserve should check with Dr. Kossack.

Navy V-1

The Navy V-1 program is still open to men who have not reached their eighteenth birthday. It is not wise, however, to wait until a week before the birthday to attempt to enlist.

Men who are interested and can qualify should obtain enlistment material from Dr. Kossack's office as soon as possible.

Change of Address

ERC men who have changed their permanent address since their enlistment should report to Dr. Kossack to obtain change of address cards.

All reservists must carry at least fifteen hours, and must maintain a C.P.A. of at least 2.00. Men will not be allowed to drop courses during the term except in case of illness which might make it necessary or in case of financial stress which might make it necessary for the student to take on outside work which would interfere with the study load.

All men who have not completed their registration by noon today are in danger of being considered out of school and reported as such to the headquarters of their reserve branch. Work will be started on reports this afternoon.

Sororities Pledge Twenty-Six Girls

Newest crop of pledges to swell last term's leftover yearling class, according to releases from the office of the dean of women, are the 26 following:

Alpha Chi Omega, Mary Duffy; Alpha Delta Pi, Connie Walters; Alpha Gamma Delta, Marie M. Ellis; Alpha Omicron Pi, Kathryn Yount; Chi Omega, Betty Boyle, Marjorie Leask, Jeanne Merrill.

Delta Delta Delta, Carolyn Koepke, Betty Lu Siegman; Delta Gamma, Rosemary Albers, Barbara Brice, Ardis Jensen, Ann Hill, Marguerite Losli, Gloria Malloy, Jean Murray, Helen Wilhelm; Gamma Phi Beta, Ruth Monro; Kappa Alpha Theta, Eloise Mulhausen; Kappa Kappa Gamma, Aileen Clark, Virginia Collins, Doris Schumacher; Pi Beta Phi, Audrey Cordell, Marianne Lynch; Sigma Kappa, Jane Irish; and Zeta Tau Alpha, Connie Felsner.

New president of the University of Hawaii is Gregg M. Sinclair, 1912 graduate of the University of Minnesota.

CAMPUS CALENDAR

The women's life saving class, scheduled Tuesdays and Thursdays from 3 to 4:30 p.m., is open to under and upper classmen, with credit given for the course. Students may register in the physical education office, Gerlinger hall, any time this week.

Order of the "O" members will meet this noon at the Pi Kappa Alpha house.

All meetings in Gerlinger hall this term must be scheduled with Mrs. Edith Siefert, hostess in Gerlinger. Meetings held regularly in the past must also be re-scheduled for the new term.

Amphibian club will meet this evening at 8:00 in Gerlinger hall. All members and pledges must be present.

(Please leave items for Campus Calendar with Margaret McGee or leave them with Marjorie Young at the Emerald news office.)

Sigma Delta Chi, men's professional journalism honorary will meet this evening in 104 Journalism at 7 p.m.

New Obstacle Races

(Continued from page six)

is a decided improvement of physical development.

The American boy, stated Dean Leighton, is not normally interested in an activity or sport that requires vigorous physical output, but now that the atmosphere is charged with the idea of fitting oneself for a strenuous military career, the idea of conditioning the body, physically, has caught on, and the boys are not only interested in this comparatively strenuous physical program, but are doing well in every class that is being taught.

Military Emphasis

More emphasis is going to be placed, however, in the latter part of winter term, and the beginning of spring term, on military physical fitness, in that an outside obstacle course, placed on the outside activity field, and similar to those obstacle courses that are employed by the military program, will be installed for the use of all students in physical education classes. A regular class will not be held for the use of this obstacle course alone, but rather will be used as a scheme to see if the student can make the course, unimpaired.

There is one obstacle course employed at present in the unfinished shed by the physical education school, with all the obstacles one might find on any military field. The obstacles comprise hurdles, benches, ropes, walls, and numerous other "toughies" that the boys encounter.

This new obstacle course that will go into use the latter part of winter term, will have 12 major obstacles, and will be just a tiny bit tougher than the course used by the military people.

M. H. Douglass Honored

The December issue of the Call Number, library staff publication, honored Matthew Hale Douglas, recently retired head librarian. The articles were written by the library staff in tribute to Mr. Douglass, who served as librarian for 34 years.

Dr. James R. Hibbs, who has taught at Pennsylvania and the University of Illinois, has joined the economics staff at Carleton college.

Miss Gray Opens Concert Season

By ROSS YATES

Phyllis Gray, junior in music, opened her recital last night in the school of music auditorium with the "Appassionata" sonata, opus 57, by Beethoven. This is the first student recital to be presented during the current school year.

Other works on Miss Gray's program were Brahms' Capriccio in G minor, Strauss's "Traumerei," Griffé's "The Fountain of the Acqua Paola," and Chopin's Concerto in E minor, number one.

Miss Gray is a pupil of Aurora Potter Underwood, associate professor of music. Mrs. Underwood played the orchestral accompaniment to the Chopin concerto on a second piano.

Miss Gray shows exceptional brilliance in her manipulation of difficult passages. Her performance of the Chopin concerto displayed technical talents rarely found in a college student.

The pianist concluded her program with an encore, Waltz in E flat, by Chopin.

Of the freshman class at Bemidji (Minn.) State Teachers college, 18.2 per cent were high school valedictorians or salutatorians.

DR. CARL F. KOSSACK . . . announces changes in reserve program. Ski troopers, meteorologists, get opportunity.

Barbara Younger Named to War Board

Barbara Younger, sophomore in journalism has been appointed to the job of publicity chairman of the war board, according to Len Barde, chairman. She will succeed Norma Trevorrow, who did not return to the University this term.

AWS Fills Three Posts

Out of 23 petitions coming under the gavel of President Marge Dibble, the AWS council last Thursday dealt with the following:

1. Appointed Joan Dolph, sophomore in journalism, and Mary Corrigan, freshman in journalism, co-chairmen of the forthcoming Nickel Hop, which is scheduled for January 15, from 7 to 9 p.m.

2. Selected Peggy Wright, sophomore in liberal arts, chairman of the AWS auction of lost and found articles. The auction, which was postponed from last term because of rain, was formerly headed by Florence Hamilton, who is no longer in school. Date for the auction is January 11.

3. Date for the election of new AWS, WAA, and YWCA officers was set at February 25. Nominating committees are being organized.

4. Deadline on petitions for AWS treasurer, position vacated by Rohda Harkson, was set at noon Thursday, at the Kappa Alpha Theta house. Petitions must be submitted by a junior woman.

Lost Something, Huh?

WELL,
MEET
THE CAMPUS
SLEUTH

Sherlock Holmes would be aghast at the quick results that Emerald classified ad brings.

Through its 3400 readers the Emerald is the quickest and surest medium for reaching the entire Oregon student body and faculty. Utilize its classified columns for finding your lost article.
