Greeks Win Frosh Vote

a half to amend and adopt the constitution.

Greek forces carried enough votes to pass or defeat every motion except two which required a two-thirds majority.

Amendment Moved

Steve Worth, director of freshman class organization, had barely opened the meeting when Ted Loud bounced to his feet "to move to amend the constitution by putting 'the straight Australian ballot' instead of 'a system of preferential voting' in Article 5, Section 2, Clause 5."

An Independent moved to require a two-thirds vote to amend or change the constitution. This motion, requiring a two-thirds vote itself, was defeated.

Proportional System Moved

A Greek representative called for the previous question. It was defeated by five votes. A revote on the previous question likewise failed.

Following adoption of the "straight Australian ballot," an Independent moved for a proportional system of voting which gives each class member four votes, which he can distribute in any way he may wish over the four offices. He may vote once for each of four candidates for four offices, or he may place all votes on one man for one office. This motion too was defeated, 433 votes to 231.

The constitution was finally adopted by a vote of 450 to 206.

New '46 Officers

Virginia, a Gamma Phi Beta, this year's Sweetheart of Sigma Chi, and president of her pledge class, hails from Glendora, California, where she attended Citrus union high school. Recently, however, she moved to Pomona, Calif.

When asked why she chose Oregon as her alma mater, she replied, "I had always heard so much about it, because I have a sister, Mary, who is a junior here, now. She's a Gamma Phi, too, so I guess it was just natural for me to come."

Out of Bed

Getting out of bed just for an Emerald interview, Dorothy Manville, freshman class secretary, was still thrilled from election results of a few hours before and proceeded to "pour" out information over the phone while sister Alpha Xi Deltas excitedly crowded around.

Speaking of the new class constitution, Dorothy said, "I think it's just dandy the way it's fixed up—everything is O.K."

Art Major

An art major on the campus, she is a graduate of St. Helen's Hall in Portland where she was art editor of their annual and in charge of Red Cross work.

A member of Phi Gamma Delta, he said, "I go out for track, have a minor part in the coming University drama, "Eve of St. Mark," and am Emerald delivery boy."

He was on the scrap drive subcommittee, world student service fund subcommittee, and freshman constitution committee.

His political career started in high school when he was vice president of Jefferson high in Portland.

Former Oregon Man Awarded Navy Wings

Thomas W. Watts, former University student, was commissioned an ensign in the U.S. naval reserve and designated a naval aviator at weekly graduation ceremonies held at the naval air training center in Corpus Christie, Texas, recently.

'Wolf' Lingers After Taps

It was getting late—going on 11—, most of the lights were out, and the living room was bare except for the lone couple in the corner. Yes, it was past the 10:30 closing hour in a women's living organization, after all the wolves had been firmly but sternly put out in the cold and the red-riding hoods had hurried to their rooms—all except one who was still nonchalantly talking to her date when I came down to get my forgotten books.

Before jumping at conclusions, this is how the story really ends. Although he was a college man, he wasn't a wolf but merely the laundry man who had special permission.
