Hilyard Captures

(Continued from page one)

"All I can say is that Joan and Mary really did a top job," Marge Dibble, AWS president, said when she was informed of the results of the dance.

Miss Dibble was especially enthusiastic about the amount earned this year because the dance lasted an hour less this year. Last year the Hop was scheduled for three hours and the amount earned was \$236.

Awards

The award of the silver cup given annually will be made in a future assembly, probably next week. The Theta Chis will receive their award of records from the Radio Laboratory next week when they will have an opportunity to make their own selection.

The Theta Chis, who danced the most, brought in a total of 841 tickets, 16.49 tickets for each member. The Delta Tau Deltas had 15.93 tickets per member and the Kirkwood men had 15.48 tickets each.

Alyson Hales, Kappa Kappa Gamma, has been selected by the council of the Women's Athletic association to head basketball, the main feature on the girls' new expanded winter intramural program.

The tentative schedule includes basketball, a badminton tournament, house swimming competition and a table tennis tournament, plus the usual clubs, Amphibians, Master Dance, and Badminton.

Interest High

Already interest has been reported high at several of the houses. Polly Gordon says the Thetas are rarin' to go; with Pat Carson layin' them in, the Sigma Kappas should do all right. Under the capable direction of Shirley Higgins, Orides has already practiced this season.

Rumors from Highland house, volleyball champs, indicate that they may again have two teams as they did last season. Then one can't forget Susan Campbell, the Kappas, Chi Omega, the Pi Phis, Hendricks hall and all the others.

Physical Fitness Stressed

The past volleyball season was one of the best; house representatives say interest in basketball is even keener. This season should be "tops" especially in view of the physical fitness program. Basketball is a much more vigorous activity than volleyball and should contribute much to the fitness program, if the girls give it a chance.

In addition, the WAA is sponsoring a badminton tourney. This is unofficial, as the new manager hasn't been selected, but competition will probably be set up somewhat similar to the spring tennis tournament. That is, the better players will be segregated out and will participate in a tourney of their own. The rest of the coeds will represent their houses and compete against each other for their organization.

Table Tennis Tournament

Gertrude Kay, the girl who worked so hard in running off last year's successful tennis competition, has been appointed head of table tennis. She will announce her plans soon.

Interhouse swimming is the final event on WAA's five-star program. The manager will be appointed the first of next term. Houses should be urging their swimmers to start practicing.

War Problems Confront Press

Problems of war prices, censorship, advertising, and rationing will be discussed by members of the 25th Oregon Press conference when it meets January 22 and 23 on the University campus.

Among speakers to be presented at this conference is Wendell Webb, Associated Press correspondent who covered the battle of Midway.

Under the heading, "War and the Newspapers," the conference will feature round table discussions, reports, the semi-annual meeting of the Oregon Newspaper Publishers association, and the election of conference officers.

Among those expected to attend are Robert Ormand Case, novelist and short story writer who has recently returned to journalism, Governor Earl Snell, Retiring Governor Charles A. Sprague, and F. F. Janney of the war price and rationing office in Portland.
