

# Bishop Notes China's Spirit

People are quarreling now to see who is going to rule the earth, but they can only be good neighbors when they acknowledge there is only one source of power in the world, that of the Lord, according to Bishop William P. Remington of eastern Oregon, who spoke at the YWCA assembly Thursday afternoon.

He stressed the fact that the people of China are better Christians than those of America as far as praying and sincerity is concerned. He told how, as a missionary, he had seen people of this country give, as their good deeds, white elephants and rummage sale items to the poor. He related how a group of Indians of South Dakota received high heels, high hats, and false teeth as "special gifts."

### Share Talents

"God is making the world a neighborhood faster than man is making it a brotherhood," said the bishop in stressing the importance of neighborhood and brotherhood.

He defined a neighbor as not just the man next door, but anyone who cared for others and administered to them at any time. He mentioned how every person who has some talent should share this gift with others.

### Loveliness Inside

In speaking of how the people of Europe are now slaves rather than servants, the bishop said,

## Theta Sigs Initiate Senior Journalists

Patricia Perry and Virginia Bryant, seniors in journalism, were formally pledged to Theta Sigma Phi, women's national journalism honorary, at Gerlinger hall yesterday.

Plans for Matrix table were discussed at the meeting, and the date set for the first of spring term.

"Americans can enslave themselves." This can happen when they are driven to a certain grind, thereby forgetting their own talents.

Mentioning material things, Bishop Remington pointed out that loveliness is an expression from the inside of a person rather than something shown by the clothes he wears.

## Say No Word

(Continued from page one) that has dangerous possibilities.

In the past few months the navy has heard much of this word. Its use is entirely unnecessary among college students, although a person realizes that it is human to indulge in the practice.

Scuttlebutt in navy slang is just plain gossip and rumor—the kind that can be demoralizing to its listeners. Those who dispense it do not realize the harm they cause. At sea it is discouraged because of the danger to the efficiency of the crew.

The AWS of WSC recommends that each coed add three hours of voluntary gym work to their regular program.

## Fifty Dollar Prize Beckons Writers

The newest means for acquiring success for inspiring, conspiring, and perspiring writers at the University was recently revealed as available to the student body in general.

Said means has come in the form of the Marshall - Case - Haycox short story contest open annually to all undergraduate students except those who have won the contest before. The first and second prizes are \$50 and \$25, respectively.

### No Limit on Length

Authors are not bounded by any limit as to length of the composition, though all manuscripts must be in the hands of W. F. G. Thacher, professor of advertising by February 15.

Each entrant must write his name carefully, not on the manuscript any place, but on a separate sheet of paper enclosed in an envelope, on the face of which must appear the name of the work.

This separate item must accompany the manuscript which must be in duplicate, although one copy may be a first carbon. Only one story may be submitted by each contestant.

## Trip Called Off

Ellis F. Lawrence, dean of the school of architecture and allied arts, was unable to make his weekly trip from Portland this week because of illness. In his absence, students and members of the staff took over his classes.

## Asklepiads Tap Seven Pledges

Seven pledges were tapped last night for Asklepiads, pre-medics honorary, Tim Brinton, president, announced Thursday.

Formal initiation will be held at the end of the term, although they are officially members now, according to Brinton.

Don Beardsley, Charles Pixley, Don England, Ernesto Santos, Bob Kohler, Joe Keever, and Walter Reynolds are the new members.

## Novel Handbill

annual Dads' luncheon Saturday noon, February 13, as well as at the Oregon-Oregon State basketball game Saturday night.

All Dads' Day committee members and members of the idea trust will meet in the journalism building at 5 p.m. Friday to discuss plans for distributing the handbills.

### Basketball Reservations

In the past students have mailed their fathers complete programs of the two-day celebrations. The handbill invitations will replace these as a result of an idea discovered in a meeting of the idea trust.

The Oregon News to Oregon Dads, a publication sent annually to Oregon's dads, was off the press Thursday and will be mailed immediately. This paper contains a coupon to be returned for reservations to the Oregon-Oregon State basketball game as well as the annual luncheon on Saturday.

In 1942, 170,000 students graduated from Russian colleges.

## Veatch Will Aid Foreign Relief

Roy N. Veatch, has been appointed to the committee on foreign relief and rehabilitation in war-torn countries. This committee is headed by Ex-Governor H. H. Lehman.

For several years Veatch was an economist doing research in the department of state. In 1940 he resigned to organize the council of refugee aid with headquarters in New York City. He became first executive secretary of the council.

### China Relief

He also assisted in dealing with problems of international relations while in charge of rehabilitation work in the state department's division of special research. During the early months of the United China relief plan he was associate executive secretary of the program.

Immediately after his graduation from here, Veatch went to Syria where he was a member of the staff of the American university at Beirut until 1925. In 1926 and 1927 he did graduate work at the University of California in Berkeley.

### Eugene Man

Veatch received his degree of doctor of philosophy in 1929 from the Brookings school of government and economics at Washington, D. C. In 1930 he went to Princeton as a member of the faculty.

The new foreign relief committee member is the son of Mr. and Mrs. Marion Veatch of Eugene.
