Oh, I bite my fingernails, you know, and my persistent sorority sisters have a campaign on. When my fingernails begin to be noticeable I get a steak dinner."

Asked for a statement about "Tessie," her car, she answered, "Yes, my ratty little Ford flivver. Marty put that in her column, remember? It has eight new spark plugs. Of course it's riding on the rims, but it's still a good car, you understand?"

War Work

In connection with war work, Pewee intends to donate her blood . . . "If they'll take it," she croaked huskily, going into a spasm of chuckles. "Oh now you're making me feel self-conscious," she reproved, batting her eyelashes and pouting engagingly.

"Put in that she's a psych major," interpolated one of her roommates. "Her case study is of herself."

Pewee glared, then grinned, "I always knew I was maladjusted, but now I'm going to find out why. You know the psych major type . . . I'm a branded woman."

As to her plans for the future, Pewee is "going into personnel work." "I was all set to join the WAVES this term . . . then I decided I'd better finish college. Of course my room mates don't think I'd have a chance because I'd have to pass the 'mental.'" Another spasm of chuckles . . . "and have more padding in my shoulders."

Restlessly she yawned, "Hey, got any food? I'm starved right down to my toenails. I want some food. Anybody got a nickel?"

pear. Mildred Jernigan will sing. Of the latter Baum said, "She's Other acts have not yet been revealed by the OSC students.

Upper classmen will sit downstairs at today's assembly, and freshmen and sophomores will sit upstairs, Les Anderson said last night.

"Oregon State students showed plenty of cooperation when we went over there, and I hope we have a big turnout when they are here," Anderson said.

At Corvallis Wednesday, Beavers saw what Webfoots could do for an assembly, and more than 2000 strong, they turned out to listen to the humor of Ray Dickson and his group, and master of ceremonies Earle Russell who led the Oregon chant as well as OSC yells. Doris Stein, Cynthia Clayfield, Phyllis Wisting, Eugene Cecchini, and Frank Sardam sang with a rhythm band section composed of G. Duncan Wimpres, Bob Sell, and Marv Brown. Mary Ross played the piano for the singing group.

The Beavers will be entertained at the Anchorage at noon today. They will come to Eugene in a school of agriculture bus.

Girls at Western college, Oxford, Ohio, have turned their swimming pool over to sailors.

Bravado

Get my spangled slippers out,
Ribbons for my hair,
I'm off to show a fickle lad
How little I can care.
I'll smile into another's eyes
And whisper in his ear,
I'll dance the tunes we used to dance,
And never shed a tear.
I hope he's there to see me gay,
With not a thought of woe,
(What if my heart is torn in two—
He'll never, never know.)

Theta Sig

Theta Sigma Phi met Tuesday evening at the home of Ann Reynolds Leo for a potluck dinner to discuss plans for Matrix Table. The annual event to honor prominent women on the campus is slated for spring term.

QUERY: Has anyone seen any men buying Valentines in the Co-op? So far, the table has been so surrounded with glamour girls that no mere male would have the courage to approach too close. . . .

SHOPPING THE TOWN

IT'S BEWITCHING—

The clever print dresses you can find at HADLEY'S. One especially you will adore: a rich chocolate brown, horizontal stripe, on an olive green and white background. The skirt is beautifully flared—the top is a shirt waist. I would suggest this for a very successful Saturday night date—at the Eugene Hotel, Art Holman playing.

FIT TO BE TIED

Having Dad visit DeNEFFE'S is just as important as showing him the campus—it's there you men learn to be well dressed. While you are in buy Dad an all silk foulard tie in some exciting shade. If you want to send him one, DeNeffe's have an attractive Valentine box for mailing.

IT'S DEW TO COME

The rain, rain won't go away, so add a bright spot to your rainy weather garb. A plaid taffeta umbrella with a translucent insert will be a decorative addition to your wardrobe for either rain or shine. Any one of them will look like a million—for only \$4.98. Who??

TOWNTREE

Would you like something really different and attractive for spring? I know you would get a thrill out of a Towntree shetland suit, stitched in a contrasting color. RUSSELL'S now have them in kelly green with red stitching. The skirt has both pleats and gores, both front and back.

SPEAKING OF ANGELS

I saw a flutter of wings at TIFFANY-DAVIS' that would be a simply "super" gift for any girl. A bottle of Dorothy Gray's Flutter perfume is mounted in a transparent box, on white cellophane straws. A blue ribbon and light red plastic "angel" wings decorate the mounting.

EXOTIC FACES

Women's faces are the strangest things—when made into plastic jewelry by modern science. The BROADWAY has lots of lapel pins by Elzac, made in California, which add bits of material to faces from Persia, Africa, Holland . . . and would also add a bit of color to your spring outfit.

HAND ROLLED

The pure linen handkerchiefs at MILLER'S have hand rolled hems and gay flower designs on white or colored backgrounds. A swell gift for your Valentine. With each handkerchief you can have a free gift folder, too.

SUITED TO SPRING

If you'd like to wear plaid and look slender you can do it with a suit from WARDS. The plaid goes up and down, clear through the pleated skirt and the full length jacket. You're bound to like the medium brown plaid — with either pink or blue stripes!

DE - PLEATED?

Build up your spirits and spring wardrobe with a pastel skirt from BEARD'S — pleated all the way around, or just plain. Beige, pecan, aqua, pastel shades . . . in wool and gabardine.
