

Physical Training Hits Women; Night Classes Begin Today

Recreation and physical fitness classes for women will start tonight at 7:30, and will last until 9:30. Students are advised to arrive about 6:45 in order to be properly enrolled. Classes will be held in the women's gymnasium on Tuesday evenings for nine weeks.

Oregana Staff Hits Deadline

(Continued from page two)
sion contains graphic scenes of the campus, campus organizations, and shots taken during Hell week.

In the sports division, there are pictures of every football game and one of every basketball and baseball series. A special feature this year is the pictures in a series of five which show Ted Loud leading a yell and the different stages of the pole vault and high jump.

Six pages are devoted to women's sports and WAA and six to boys' intramural sports.

Cartoons Featured

Drawings and cartoons are being featured in the Oregana this year. Drawings of both the buildings which house the various schools and of the individual living organizations have been made. The tail pieces for each division are Donald Duck cartoons drawn by David Stone, sophomore in architecture and allied arts, through permission of Walt Disney. At the beginning of the fall, spring, and winter sections there are cartoons showing the term's activities by Dan Mindolovich, freshman in journalism and art editor of the Oregana.

The Lemon Punch has a very "unusual" cover this year which Editor J. Wesley Sullivan prefers to remain as a surprise. There will be seven cartoons in the Punch drawn by local artists.

Oreganas will be available to students May 15.

Leone LaDuke Presents Piano Recital Tonight

Leone LaDuke, senior in music, will be presented in a piano recital over KOAC this evening at 8:15. Her program will include Debussy's "Gardens in the Rain"; Ravel's "Menuet," and Chopin's "Polonaise in A flat major."

On Wednesday evening Elizabeth Walker, senior in music, will be presented in a violin recital, accompanied by Aurora O'Petter Underwood, Associate professor of music. They will play Brahms "D Minor Sonata" for violin and piano.

Every Sat. Nite

An enrollment of 50 must be reached to cover expenses, so it will be necessary to keep up the high enrollment of fall and winter in order to hold onto the progress and improvement already made. Total cost will be \$2.25 for nine class periods.

Varied Activities

Some of the activities included will be swimming, dancing, and body building through rhythmic work. Softball during the early evening may also be played. Teams may be organized and a tournament played off.

The weighing and testing last term revealed a definite reducing and hardening of all women who participated, according to Florence Alden, program director. As in the last two terms, there will be a strong emphasis upon physical fitness and body conditioning to meet the war demands being increasingly made upon women.

Equipment Furnished

All activity equipment except badminton rackets and cocks is furnished. If members are interested in badminton they should bring their own equipment. Showers, towels, lockers and all personal equipment except shoes and bathing caps will also be provided for.

Those who work late and cannot make the 7:30 hour, may come whenever they are free. The activities are graded for those entering now and for the more advanced.

English Professor Gets Praise on Poetry Book

Honor came to E. G. Moll, associate professor of English, when a review of his book of poems in an English magazine gave high praise to his work. Herbert Palmer, in the magazine "English," said of Moll's work, "This is a passionate, singing, compelling voice from the Antipodes."

Mr. Moll, born in Australia, wrote his book titled "Cut From Mulga" about his native land. The editor of the Melbourne Advocate said of the professor's work, "It catches the mood of the bush in lines that crackle and metaphors that hurt."

University of Minnesota has a library of 1,300 rare volumes on magic.
