

Pennants Go! Army Needs All You Have

The alumni office has asked all students and living organizations who own University pennants to donate them for the men in the service.

This office has received a request from the officer candidates' preparatory school detachment, Camp Berkeley, Texas, for University of Oregon pennants to decorate their day-room.

They have raised the money to equip the room with furniture and fixtures, but lack decorations. They are asking the different colleges represented to donate pennants to be used for this purpose.

"This college motif would be an excellent morale factor and would serve to keep alive college interest," the letter states.

According to the letter, 90 per cent of the men who pass through the school at Camp Berkeley are college graduates or have had at least two years college training.

Students may leave the pennants at the alumni office, room 8, Friendly hall. They will be forwarded to Camp Berkeley.

Women Get Chance To Help Win the War

EVANSTON, Ill. — (ACP) — New training programs designed to prepare college women for war tasks and to lay the foundation for their future careers will be introduced by Northwestern university starting the spring quarter.

The new programs, which resulted from recommendations of military, industrial, and civic leaders, fall into three fields of study—war industry, community service, and military service, and cover study periods ranging from a year to a year and a half.

By undertaking such study, the

'Bird' Flies Coop; Closed for Duration

Sackcloth and ashes are in order among those of the midnight snackers in this, Ye Olde University, the Falcon, long recognized and accepted in police campus society as the "Bird" has pulled a fade-out, black-out, shut-out in favor of the war effort.

It seems the war effort has been too much with the patrons of this time-worn institution, so, owner W. F. Guske, better known to the student body in general as just plain "Ed," has made same momentous decision that will undoubtedly result in a lot of extra worn shoe leather for the duration as the "Bird" has, in ages gone, been the nearest and handiest establishment of its kind.

Farewell to a faithful friend.

student will not only fit herself for a specific war task but will receive training which will open up new opportunities after the war.

For women desiring to enter military or other government service, courses are offered in meteorology, map making, weather observer, economic analyst, assistant in public administration, and junior accountant. A wide variety of technical subjects is required.

Advertising Majors

To those of you who are interested in making advertising your future vocation, the Oregon Daily Emerald Business Office affords you an opportunity to gain practical experience in the field.

The activities of the Business Office cover advertising layout and copy, sales and account management. . . . Actual experience which you can coordinate with the theory taught in your daily class work.

Positions on the business staff are open to freshmen, sophomores, juniors, or seniors. Previous experience in selling or advertising is not absolutely necessary to qualify for a place in this department of the Emerald.

Students interested in advertising should not forego an opportunity of this kind. There are few student activities which offer direct contacts to the individual with the business world and the men who are active in its operations.

For further information inquire at the Oregon Daily Emerald business office, Room 5, Journalism, between the hours of 1 and 5 o'clock any afternoon.
