freshmen in 204 Chapman. ASUO nominations will be made Thursday, April 22, at 11 a.m. at McArthur court.

Rules and regulations for the service scholarship fund were presented to the council by Les Anderson. Oglesby Young was chairman of the committee to prepare these regulations.

Scholarship Grants

Scholarships will be granted on the basis of financial need, kind of service to the country, desire for education, physical disabilities because of service, previous activity and scholarship record, and whether the applicant is a new or old student at the University of Oregon.

The scholarship will amount to \$120 per school year allotted proportionately at the beginning of each school term.

The committee which will grant the scholarships will consist of two students appointed by the ASUO executive council and the regular University scholarship committee. It will be called the service scholarship committee.

All Vets

Any man or woman planning to attend the University as a graduate or undergraduate student who has been in any kind of war service for his country or any allied country is eligible to apply for a scholarship. Applications may be made any time after April 1, 1943, but must be made at least six weeks prior to the beginning of the academic year for which the scholarship will be granted.

If the student leaves the University, the balance of the scholarship will be forfeited and will revert back to the fund.

Films Show Old Japan

The ruins of an ancient Hindu civilization, Ankor Vat, in Siam, will be shown on the screen for Dr. H. G. Barnett's class in "Peoples of the Pacific." Thursday two films on Siam and Indo-China are to be run off in 2 Oregon at 9 o'clock.

In the Cambodia area, the runs have not been photographed commercially since the earliest war rumors appeared, but attracted a large tourist trade in the early thirties. Private life, customs of the country town, city ways, farming, rice-growing methods, the Oriental and intricately worked temples appear in the films.

Depicting the customs and simple rural life of their peoples, two films on China and Japan will be screened for the "Peoples of the Pacific" class May 6 and May 18, respectively. The religious and ritualistic practices of the two countries will also be explained.

Moving pictures have only recently been used by Dr. Barnett to illustrate lectures. Previously, slides and opaque projections using reflection, have been employed. Present methods of instructing students as to the habits and customs of New World Indians and the Asiatics through the use of movies is only in the experimental stage, Dr. Barnett explained.
