

## Juniors Sign Solid Senders

(Continued from page one)  
mal and one o'clock permission will be granted to the girls of the campus by the dean of women.

Whether the Druids, junior men's service honorary, will select new members from the sophomore class is problematical, Farrell said, explaining "because many of the sophomore eligibles have gone in the ERC, it would be unfair to those who deserve the honor."

Helen Nahm is new director of nursing in Hamline university

## Westminster Plans Easter Breakfast

Following the all-campus Sunrise service planned for Sunday morning, members of Westminster house will hold an Easter breakfast, starting at 8:30 a.m., Mrs. James Bryant, house director, announced Wednesday. The cost will be 25 cents per person; everyone is invited to attend. All students planning to be at the breakfast are asked to sign with Mrs. Bryant by or before 8 Thursday evening.

Included in the program will be music and a short worship service. In charge of the program are Doris Jones, Thelma Nelson, Esther Griffith, and Genevieve Graves.

Dr. William H. Abbitt, for 15 years professor of physics at Texas Technological institute, has been named associate professor of physics at Carleton college, Northfield, Minn.

## International Sidelights

(Continued from page two)  
power. She has a very strategic position in Europe, and although war torn at present, has sufficient resources to once again assume a position of world importance.

### ABCR Powers

While most people assume that post-war planning will be initiated under the four big allies, America, Britain, Russia, and China, they also assume that as soon as the conquered countries get back on their feet they will take their place in the completion of the planning.

Before France can take her place at the peace conference she is in dire need of one voice, which can only come through her government. Naturally, everyone recognizes the vital need of this. Most hope for France is centered on the possibility that the French people can evolve such a voice through the help of her leaders, DeGaulle and Giraud.

## A New Front

(Continued from page two)  
The naval ordnance and Research laboratories are also employing women with some training in this field.

Radio assignments are offered to women enlisted in the WAVES.

### Teletype

Although it is necessary to learn code in order to get a radio license—women will never have to use it, because code is tapped out only in the front lines. Teletype is used for most armed service communication.

In order to prepare for a radio license you must attend a commercial or government sponsored radio school, take a correspondence course from a commercial school or study for it at home.

## Random Harvest

(Continued from page two)  
Schultz played at being Japanese while Ace Halling and Tiger Ryle were the allied team. The house was a sodden, flooded mess because the allies vanquished the enemy with bombardment of huge soggy water-bags!

This friendship between Edie Onthank and Don Treadgold, is it platonic or developing?

### Off the Beat?

What's the trouble with the freshmen, are they anemic? At the class meeting the other night the business was taken care of in a few minutes and although everyone sensed that something was up, they refused to officially close the meeting though nothing was specifically decided.

## Etter Family to Give Wesley Breakfast

Wesley foundation members have been invited to Easter breakfast Sunday morning at the home of Mr. and Mrs. Orville Etter, 1420 East 20th. The breakfast will immediately follow the Sunrise service in McArthur court.

Wesley members who wish to go in a group may meet at the southwest corner of the court immediately after the service.

## How to build a 20-mile bridge

... in 20 MINUTES

Nature in a destructive mood can put miles of telephone line out of service.

To bridge such gaps, while repairs are being made, Bell System men have devised special portable radio equipment.

An emergency radio unit is rushed to each end of the break and connected to the undamaged part of the line. In a few minutes, a temporary radio bridge has been set up and telephone traffic is re-established.

Being prepared for emergencies is part of the daily job of Bell System people—part of the tremendous task of maintaining the lines of communication on the home front.
