## Elect NANCY AMES No. 1

ASUO No. 2

Jean Page

Junior Executive Council No. 1

Audrey Holliday

I. The Coalition is a positive move that will elect officers on merit and qualification rather than allow dictated, gravy-train allotments.

II. Any executive training necessary for new officers can be done by the council now in office. Next year's ASUO budget will NOT be drawn by the new officers. Each year's budget is drawn upon recommendations of old executive council leaders.

III. Stanford, Washington, and Washington State already have sensibly elected competent women to maintain and preserve student rights and continue student government.

IV. Coalition officers will serve the entire University by laying a solid foundation this term and continuing to maintain student rights on the Oregon campus. Coalition candidates have shown that they have the necessary characteristics of executive leadership.

V. When YOU vote, this government will go in.
