

Knife-Wielders Find Batcher

Norman P. Batcher, after causing severe controversies between various University factions, was finally located by members of the Asklepiads. Officers of the premed honorary, realizing the weight of circumstantial evidence against them, decided to search for Batcher themselves. Nothing but a verdict of guilty awaited unless they produced the missing music student, your diligent Emerald would have seen to that.

Job Koler, president, called together his fellow knife-wielders for the hunt. The brotherhood quietly crept into the darkened music school auditorium where strange sounds had been heard previously, using their skeleton keys to look behind every door. Sure enough, there down in the organ-bellows room was Norman Batcher, strumming Bach eight-to-the-bar on an old zither. Still delirious from his breakdown, Batcher smiled happily at the boys, but was unable to explain his voluntary flight from the infirmary.

Koler, spokesman for the Asklepiads, reveals that Batcher is suffering severe malnutrition, and couldn't be recognized now by his own fingerprints. Fellow Asklepiads are confident, however, his recovery at their hands. It may take concerted effort since the patient still is reluctant to eat.

Toward this end, the Asklepiads held their picnic in the hall of the journalism building, and thinking that the sight of people all eating at once would overcome his Ghandi complex, they had Batcher attend the picnic.

CAMPUS CALENDAR

Dr. Robert Leeper will be the speaker Sunday evening at 6:45 at Westminster house. He will speak on "Psychological Aspects of Post War Reconstruction."

Alum Aviation Cadet Trains at Pensacola

Karl J. Orcutt, former Oregon student and naval aviation cadet, has completed preliminary flight training at Squantum, Mass., and has been transferred to Pensacola Naval air station in Florida for further training. While at the University, he received two years of ROTC training and has since had 80 hours of civilian pilot training.

Science Meet

Other exhibits will include 31 years of the "Liberator," William Lloyd Garrison's anti-slavery newspaper and gifts from W. W. Peak, New York City; the late Julia Burgess; Mrs. Fletcher Linn, Portland; Mrs. Stella Doris Maerum; the late John Kaufman; Miss Mabel Dodson, Portland; and documentary material donated by Walter M. Pierce. Books purchased from the income of the Henry Villard fund will also be exhibited.

There will be a special exhibit of Mexican and South American handicraft.

The Friends of the Library will hold a dinner at the Osburn hotel Saturday evening at which Dr. W. Kaye Lamb, librarian of the University of British Columbia, will be the principal speaker. Dr. R. D. Horn, associate professor of English, and Willis C. Warren, acting librarian, will also be on the program.

BRAIN TRUSTERS . . .

. . . behind Junior Weekend successes are Jean Frideger, Merritt Kufferman, Dorothy Clear, Jim Ben-nison, Bill Lilly, Oge Young, Frances Johnston, Bill Farrell, and Nancy Ames.

Seventh Libe Day

(Continued from page one) morning session. Featured in the afternoon will be "Indian Mounds of Yamhill County" by Arnold Shotwell from Linfield college; "Electron Microscope" by Hugh N. Wallace, president of the Oregon State college science club; and "Fluorescence and Phosphorescence" by Don Hunter, senior in physics at the University.

Gropp suggested that the students take their mothers to visit the science departments to see what they have been able to do now that science is back at the University.

College Register

Delegates from Linfield college, Oregon State college, Pacific University, and the University of Oregon will attend. Registration will take place between 9 and 10 o'clock Saturday morning in Chapman hall. After the general morning session in 207 Chapman hall, there will be a luncheon at the Anchorage. Afternoon sessions will begin at 1:30. Biological sciences will be in 105 Deady, chemistry in 105 McClure, and physics in 104 Deady.

University students who will read papers are: Armin H. Gropp, senior in chemistry; Keith Claycomb, sophomore in liberal arts; Robert Williams, senior in chemistry; Gilbert Hunt, graduate assistant in chemistry; George Alkire, graduate assistant in chemistry; Don Hunter, senior in physics; Donald J. Kimeldorf, graduate assistant in biology; Catherine Young; Ken Oliphant,

sophomore in liberal arts; Lyman A. Webb, graduate assistant in physics; and Daniel S. McGeen, graduate assistant in biology.

Radcliffe college is offering two \$500 fellowships for training courses in personnel administration.
