

Bra-a-a-a-ck

By PAT PERRY

The editor done tole me that she wanted a column about women for this page, BUT with Danny active as he seems to be today that is a sheer impossibility—The men will not be ignored, even of this page. So I shall throw my typewriter into low gear, and rattle off the gossip I have garnered during the last few weeks.

Romance—

June Davis gets credit for the most romantic, in story-book style, marriage of the summer. It seems that while attending Roberta Boyd's wedding in Yuba City, Calif., she met Captain George Eckert. The atmosphere was just too much, or something, and a couple of months later, she and the captain were married.

Surprise—

Bill (Balding) Mckevitt, Feegee, and Betty Mackall, Chi O, pulled a number 1-A coup with their recent announcement of their April marriage.

Tommy Roblin, Pi Kap footballer, planted his pin on Roberta Madden, Rally squad glamour gal.

Stuff—

Muriel Stevens and Morris Jackson are now living at El Cen-

tro. Seems that Moriss ran his plane into a ditch and broke a collar bone—something like going over a cloud bank, perhaps.

Marge Dibble has finished her Campfire training, and is working at Camp Nemanu. Latest reports are that she and Al Larsen, coalition politician, are to be married as soon as he gets his commission.

Millie Wilson, of Emerald fame, is working for the Call-Bulletin in San Francisco—Skipper White is taking Japanese at a Navy school in Colorado—Connie Averill and Janet Farnham are airing their journalistic abilities in Marshfield—Marge Major and Margaret Deane are doing their all for the Register-Guard—M. A. Jackson, DeeGee, has enlisted in the Wacs (Pat Holder influence, no doubt)—Marge Sault should be just about through with her Wac training—Marge Condon, Pi Phi, visited Tom Oxman, ATO, after making certain promises to papa—Leona La Duke is a Schermer branch manager in California. Latest word is that she has given Norman Foster and Bill MacArthur the RKO, plans to make use next year of that fellowship to Mills that she won.

The Changes Made—

Final Word—

Any resemblance of this drivel to a gossip column is purely coincidental—depending on the interpretations of the reader—but as the very black negro soldier

said on a very dark night during a Jap attack, "Thank De Lawd for coincidence!"
