## Communique

Uniform of the day for all personnel in the three ASTU companies is wool OD. This will replace the cotton khaki uniform for all classes and formation until further order.

## Army Wives On Campus Form Social Group

Army wives whose husbands are stationed on the University campus have organized a unit to provide diversion for themselves and their husbands, it was announced Wednesday.

At their last meeting they elected Mrs. Eleanor Karros to serve as their president. Mrs. Nancy Anderson and Mrs. Dadores Pierzchola will be secretary and treasurer.

On alternate Tuesday nights the wives plan to gather for an evening of feminine activity. The social committee, Mrs. Mary Worthington, Mrs. Audrey Greenberg, Mrs. Kathryn Kulesh, and Mrs. Janet Zaechler, have planned card parties, games, swimming sessions and other activities for these Tuesday night meetings. Open house for GI's and their wives or dates will be held on Sunday afternoons by the group.

Mrs. Edith Siefert, the hostess in Gerlinger hall is opening the alumni hall in Gerlinger to the women and their husbands, as a sort of campus headquarters, where they may meet, relax, play the pianos, and generally enjoy themselves. Alumni hall will be open from 8 in the morning to 10:15 in the evening, said Mrs. Siefert; and arrangements have been made to keep it open particularly during the lunch hour.

College dances and college activities, stressed the hostess, are open to GI wives, who are invited to participate in social affairs, the Red Cross, and other such campus pastimes.

## Rehabilitation Program Eyed

Possibilities of a vocational rehabilitation program at the University of Oregon for soldiers returning from the battlefields was discussed in Eugene last week by Hugh G. Grant, vocational rehabilitation officer of veterans' administration, Portland, and members of the University faculty.

Mr. Grant was in Eugene Friday and Saturday and talked to Donald M. Erb, president of the University, F. M. Hunter, chancellor of the Oregon state system of higher education, and members of the faculty in connection with the possibility of such a program on the University of Oregon campus for soldiers who have been wounded and returned to this country.

R. W. Leighton, dean of the school of physical education, is chairman of the campus rehabilitation committee. Other members of the committee are: Dr. W. C. Jones, Dr. P. A. Killgallon, Dr. E. H. Moore, A. B. Stillman, K. S. Wood, P. P. Adams, and Virgil D. Earl. Andrew Vincent will replace Mr. Adams during fall term.

The average coed wears a size 14 dress.

## Khaki and Lace

Khaki and Ancient Lace

Dear Diary, Come Saturday night and I was fit as a fiddle again on account of because my perfessor lets me sleep in class all week on account of I look so tired. So I hops into my convertible—that's short for walking—and go and pick up my girl Milly. Milly is the girl I love, and I love her on account of her left eye crosses just like my right eye and when we look at each other, we're in perfect focus. Then too, she's a member of a sisterhood—opposite of a frat (sexually speaking) — and going with her kinda makes me feel like a big shot.

Anyway, me and Milly decides to drop down to Lookmour's for a few drinks like we do every Saturday night. Before, we used to double date with another fellow and his girl, but he got kicked out of school for copying his English out of an encyclopedia, which is a book which has got all of the answers in it. But that was a laugh, cause anyone who knows anything about getting thru school knows you got to copy sometimes from a book which has got a lot of answers. Anyway, there wasn't no one else who would show his face in the places we went so me and Milly had to go alone.

Next, me and Milly decides we'd kinda like to dance so I forks over my last four bits—and Milly forks over hers and we goes to the Summergarden where we hear they has a band. Well, we didn't find no band but there was a guy blowing thru a pipe and a lot of skirts on the St. Vitus gathered out on the floor. Socially speakin', it reminded me of the box sociables we used to have back at school, cause everybody was cutting everybody else's throat to get the best dish.

Finally, me and Milly leaves the Summergarden on account of the manager who's so nice and insistent and on account of the dance has been over for two hours already, and I takes Milly back to her sisterhood. After kissing her on the forehead—I couldn't find her mouth—I leaves her and goes back to my private apartment which I share with my roommate and six others. But golly! I can hardly wait 'til next Saturday nite, cause then me and Milly are going out to some Dutch place that they say has a real floor show and real women!

## Postwar Planning Committee to Meet

Plans for post-war readjustment and development in Oregon will get under way soon when a state committee headed by Dr. Victor P. Morris, dean of the school of business administration, begins consideration of the subject.

Dr. Morris announced that the committee will meet in Salem October 7 to study various specialized fields. Men representing industry, labor, finance, agriculture, public works, forestry, education, and livestock raising in the state are on the committee.

## Major Blythe Enters Army Combat Service

Major Harvey Blythe, for 11 years a member of the University of Oregon military department, has departed to enter combat service, according to Colonel C. L. Sampson, commandant.

Coming to Oregon in 1932, Major Blythe served as assistant professor of military science and tactics. He enlisted in the army 23 years ago at Camp Robinson, Arkansas, coming to the University from Vancouver Barracks. While here he coached three intercollegiate teams in rifle shooting to victory in 1935, 1937, and 1939. He coached three drill companies which won every match against Oregon State college.

## Daffy-Nitions

Or a Pocket-Guide on Army Slangage

The average frosh has as much trouble understanding military abbreviations as a G. I. (modern dough-boy) has in cashing a personal check. As a part of the orientation program, we present these explanations:

AAFTTC in official circles means Army Air Force Technical Training Command. All men wearing the Air Force insignia here on the campus are in the AAFTTC. However, they are commonly referred to as Pre-Mets—Pre-Meteorology students.

The engineers are ASTU men enrolled in the Army Specialized Training Unit. And these rugged individualists with the bearded chins and broken accents are FALS. These letters stand for Foreign Areal and Language (NOT for Arabian language as several people have learned to the accompaniment of red cheeks and stammered apologies.)
