Phone Numbers Untangled With Publication of List

Harried city and campus telephone operators will breathe a sigh of relief today as confused telephone numbers of campus living organizations become untangled.

For the convenience of both the army and civilians, a list has been compiled of changed and new phone numbers.

It has been requested by the army that non-official conversations to the army students be placed through the city phones rather than on the orderly room or office lines. Calls should be made to the TD-AAFTTC students between the hours of 5 to 7 and 9 to 10:15 p.m. Calls to ASTU students should be made between the hours of 5 to 7 and 9:30 to 10:30 p.m.

SDX-ers Ready to Go; Help Unwanted Tonight

By special arrangement with Sigma Delta Chi, national men's professional journalistic fraternity, all persons who have vowed to serve the Oregon Daily Emerald on Wednesday night are hereby released from that pledge for tonight only.

It will be appreciated if there is no interference from outsiders because putting out a four-page paper is a sizeable task for three men, and interruptions will only detract from the value of the issue.

LOST—ATO pin. Jim Goodwin engraved on back. Phone 2306. Reward.

LOST—Red plaid purse. Return to Alpha Omicron Pi. Substantial reward.

PARKER Quink
THE ONLY INK CONTAINING SOLV-X

Solv-x stops most pen troubles before they start. It prevents metal corrosion and the wrecking of rubber caused by high-acid inks. Solv-x ends clogging and gumming... cleans your pen as it writes!

Parker Quink with Solv-x is ideal for steel pens, too! The Parker Pen Company, Janesville, Wisconsin, and Toronto, Canada.

SOLV-X
in every bottle of Quink... protects pens in 5 ways!

1. Protects rubber... lengthens the life of sac or diaphragm.
2. Dissolves sediment and gum left by other inks. Cleans your pen as it writes.
3. Prevents clogging of feed.
4. Safeguards base metal parts...
5. Assures quick starting and even flow at all times.
