

Former Duck Politician Here On Furlough, Views Campus

Former first vice-president of ASUO and a 1942 University graduate, Lt. Jim Frost, chatted with friends on the campus Monday. Having just completed a four-week special service course at Washington and Lee university, Lexington, Va., he was on a 10-day leave.

Lieutenant Frost will return to Camp Roberts, California, his permanent station since completing OSC, as special service officer working for the "morale" branch of the army. This division, established only within the last several years, has four sections—information and orientation, education, physical training, and recreation.

Activities Helped

The former journalism student reported that his participation in extracurricular activities at Oregon had proved valuable to him in the army, especially in working with other men and supervising them. At Roberts he helped organize entertainment including Judy Garland and other Hollywood talent.

In the army 14 months, Lieutenant Frost took the basic officers' course at Fort Benning, Georgia. As an undergraduate at the University he was business manager of the Emerald; president of Alpha Delta Sigma, men's professional advertising fraternity, and of Theta Chi; member

of Friars and of Scabbard and Blade.

En route to Oregon Senator A. B. "Happy" Chandler of Kentucky was a traveler on the same train with the second lieutenant. Chandler is one of five senators who have just returned from a tour of the world's theaters of war.

Final Total 1700 For Registration

With no further registration allowed, final registration figures leaped over the 1700 mark by Saturday noon, the last possible day of registration, Clifford L. Constance, assistant registrar, announced Monday.

Of the 1720 students now registered at the University 365 are men and 1355 are women. At the close of registration last year there was a total of 2925 students, 41 per cent more than this year.

Fifteen students have withdrawn since the start of fall term, six for military reasons.

New students number 807 and old, 913.

There were 1656 men and 1269 women on the campus last year fall term. The figures show a 78 per cent drop in the number of men students but only a 7 per cent drop in the woman population.

Mixer Returns

(Continued from page one) will make a drive before spring term. The urgency of getting recreational equipment for army students here was emphasized in placing the drive under the jurisdiction of the war board.

Michigan State ASTs are getting out their own newspaper now.

Cold Castle Entertains Twelve New Recruits

Although ye olde infirmarie held open house for the pigskin toters of last Saturday's game, not one griddler stumbled in. However, five engineers chanced that away and are now snug in a bed—or something! They are: John Beverly, Robert Korach, John Koslick, Charles Norris, and Perry Wolchoch. Seniority rights are claimed by language student Ellery Pimentel who has gazed through the barred windows for three and one-half weeks.

Lora Case, senior, Patricia Farrell, junior, and Doris Riley, sophomore, the three "poison oak sisters," are still holding the fort. Three freshmen, Betty Marie Combs, Mary DeGrace, and Jean Krebs, are serving their time along with the other inmates.

Down Mexico Way

(Continued from page two)
"We did a lot of things and had a wonderful time," Jean reminisced. "We climbed the Pyramid of the Sun in a cloudburst and almost drowned. We went to an embassy cocktail party and met the Argentine ambassador, the president of the University of Mexico, and the famous symphony conductor, Chavez."
