Army-Ducks Dunk Cavalry 33-12; Rainstorm Accompanies Grid Victory

In their second game of the season Sunday afternoon on Hayward field the ASTU squad beat the 104th Cavalry from Marshfield by a score of 33-12. Despite a heavy rainfall, nearly 1500 fans were there to cheer the army Ducks.

The Cavalry kick-off to the ASTU men was short. Taking advantage of this break a few plays later, Wisner completed a pass to Trucano for a decided gain and on the next play carried the ball around right end for an eight-yard dash and the first Duck touchdown. Kulesh came in for Wisner and booted the extra point.

The second quarter saw the

Cavalry pull a tricky lateral to Johnsombaugh and then to Yohn who ran 41 yards for the Cavalry's first touch down. The kick for the extra point was blocked.

After blocking a kick deep in Cavalry territory, the Ducks scored another touchdown when Johnson on the third play went through center on a quarterback sneak. Kulesh again made the extra point.

Shafer and Greenberg each made a Duck touchdown in the fourth quarter on wide right end reverses. The try for the extra point was no good either time.

The Cavalry staged a comeback with Johnsombaugh throwing a series of passes that clicked

all down the field. One to Swenson on the two-yard line brought the visitors' score to 12. The try for point was again blocked so that the score stood 26 to 12.

With 18 seconds remaining after the kickoff, Worth ran 20 yards for an end around play for a touchdown on the first play. Kulesh made the extra point and the game ended with the Ducks coming out on top, 33 to 12.

Final statistics showed that the ASTU men outplayed the Cavalry all the way. They had 14 first downs to the Cavalry's 3, 38 yards on punts to 25 for the Cavalry, and made 3 out of 10 passes while the Cavalry completed 5 out of 15.

Gamma Phi Fire Damages Floor

The old story of the man who was too near the trees to see the forest turned up with a new angle Monday noon when the Gamma Phi Beta house caught fire and girls who were upstairs at the time never realized what was going on.

The alarm was first given by a deaf-mute woman who was bringing up the laundry. She wildly waved her arms, trying to convey the meaning of her fright until smoke billowed up and removed all doubt. An overheated furnace set fire to part of the floor and it burned through, damaging a radiator.

Two pieces of fire apparatus answered the call. Firemen carried up a hose which they got tangled up in the doorway while frightened girls looked on. When the fire was extinguished and order restored downstairs, damage was estimated at less than \$50.

After the fire was over, five girls who had been upstairs came out with the \$64 question: "Gee, what has been going on?"
