Buddhist Monks Impressed By AWS Speaker's Message

Carrying out the theme of a woman's part in the war, Mrs. Stuart Strong, Portland, dean at Mills college, will speak on "Women and Democracy" at the AWS assembly, Tuesday, February 15, at 4 p. m. in the music auditorium.

Mrs. Strong had the opportunity to travel extensively in Japan in 1935 when she accompanied a group of deans there on a "good will" tour. At one time while there she was asked to talk on Christianity and its effect on the American people before an austere assembly of monks in a Buddhist temple.

"Although she had no time in which to prepare any speech, Mrs. Strong came through with a very impressive message," remembers Mrs. Alice Macduff, who went on the same trip.

Marine Sergeants Adaline Franks and L. L. Pittenger will provide the military aspect concerning women as marines, the training necessary, and the affiliation of the two branches of service. Mortar Board will present a skit.

Special guests will be AWS cabinet members from Oregon State who will give an account of some of the activities they have sponsored this year. Although this assembly was originally scheduled for Thursday of this week, several conflicts have made it necessary to change the date to Tuesday, February 15. A large turnout is expected since this is the only assembly to be held winter term.
