

IF A BUDDY MEET A BUDDY-

By GLORIA MALLOY

Homecoming Weekend might well have been scheduled for this last weekend for quite a few of the old boys popped in town to get another look at the campus. From remarks in general, everything looked pretty good to them including the soldiers stationed here who "seemed like a pretty good bunch of fellows."

Phi Delt Pat Cloud sporting those gold bars was having it around. Pat is now stationed at Camp McCoy, Wisconsin where quite a number of Oregon boys are stationed. Lt. Bud Wimberly of the Air Corps administration with his wife, Frannie Cox Wimberly, looked very pert at the basketball game the other night watching brother Babe doing his work.

The ATOs hit the jackpot with four boys coming in. Pvt. Bob McDonald, past president, has been stationed in Tampa, Florida with the air corps. He spent quite a little time with DeeGee Sue Stater. Also Lt. Bill O'Malley who has just received his wings was seen escorting quite a few of the Pi Phis to the Side for a coke. Pvt. Jim Goodwin was doing his best to make a three-day pass from Camp Roberts look like a week's vacation. And old Tau Fred Ferrier of the navy was here after being in the South Pacific for over twenty months. Fred is hoping to attend Willamette which will all prove very convenient for steady, Gamma Phi Jean McPherson.

Gail Quinn, Sigma Nu, is home on leave after receiving his bars and wings. Escorting two girls with each arm when asked who he was visiting, he calmly stated, "Oh, just here seeing the boys."

2nd Lt. Morry Jackson, '44, of the air corps has just recuperated from a training accident and is back flying now.

By way of Betty Biggs Schrick we hear that Sigma Nu Bill George is attending midshipman's school on the east coast.

Ensign Don Daniels, Sigma Nu, reports, "We are still battling around the Mediterranean in this bouncing piece of cork called a P.C., still doing escort, patrol, sub-chasing, and mine sinking work."

Two Girls Pledged

Beverley Fickert, Colton, Oregon, and Berta Reische, Meridan, California, are the last pledges of winter term, as announced by the dean of women's office. Both are pledging Alpha Gamma Delta.

Coeds Told of Fellowships

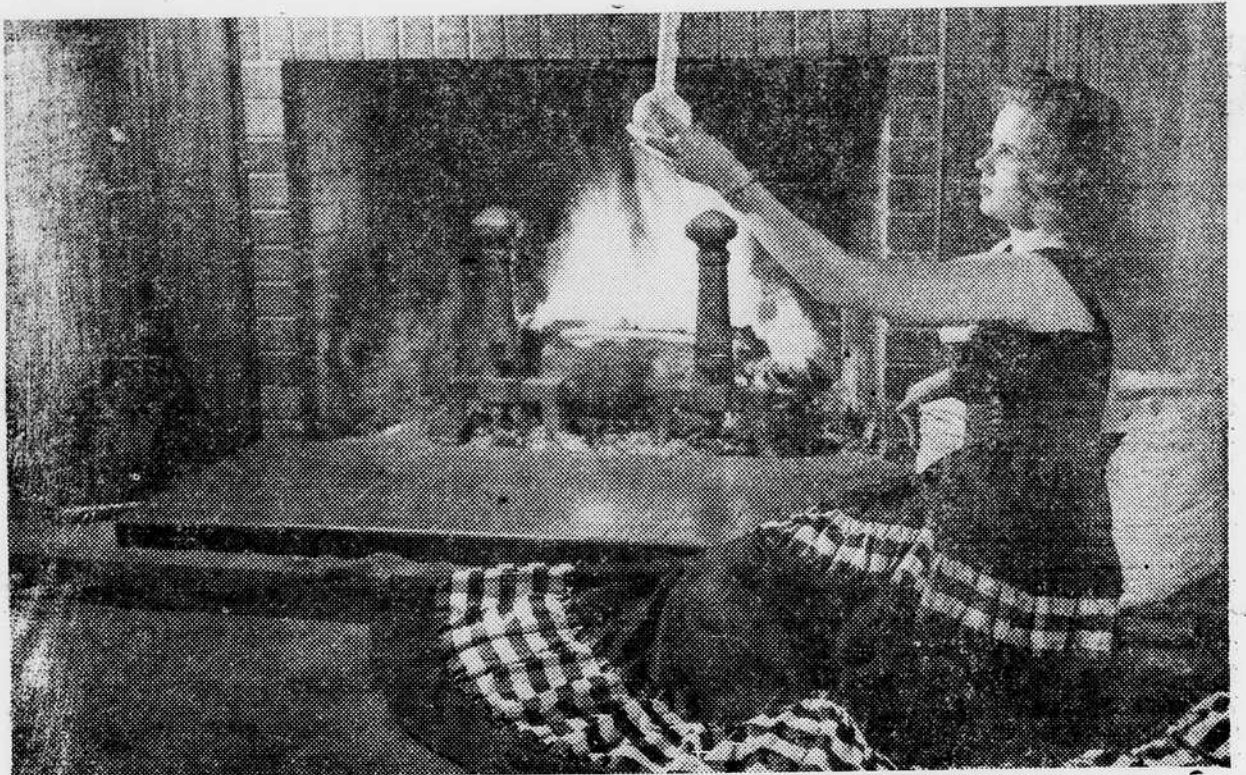

To qualify for executive positions in the organization and administration of personnel services in governmental agencies or in private business, the personnel technician needs further training at the graduate level combined with practical experience in the field.

These opportunities are offered to women college graduates through two fellowships of \$500 value each offered by Radcliffe college, Cambridge, Massachusetts. The instruction at Radcliffe includes academic courses in Radcliffe's graduate school and special seminars in personnel problems and also practical apprentice work.

Applications for the fellowships, which may be obtained at the personnel office, Johnson hall, must be filed immediately. For the Radcliffe catalog and further information, women interested in this field should write to Anne Hood Harken, director, training course in personnel administration, Radcliffe college, Cambridge, Massachusetts.

The University of Oregon offers under the department of psychology, a four-year program in personnel preparation. The student, on completing the course, receives a bachelor's degree in psychology. If completed with a good record, the training will prepare a student for personnel tasks such as: interviewing applicants for employment; administering standardized tests; and assisting in the operations of the merit system of personnel departments. The University is held in high regard by such colleges as Radcliffe as a preparing ground for graduate students.

Have a Coca-Cola = Muchas felicidades

(MANY CONGRATULATIONS)

...from Caracas to Cleveland

To strike up friendship, your Yank oil-driller in South America says, "Have a 'Coke'", and he's said, "I'm your pal. World-wide, Coca-Cola stands for the pause that refreshes,—has become the genial gesture of friendliness everywhere...just as it is at home with Coca-Cola in your refrigerator."

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".
