

# Valuable Information Given Girl Rushees Concerning Schedules, Payments, Etiquette

By JEAN LAWRENCE

Approximately 200 women rushees are already signed up for fall term rushing and according to Hazel P. Schwering, dean of women at the University, fully 400 are expected to have paid rushing fees by the beginning of rush week, Friday, September 15.

Dean Schwering called attention to the fact that high school credentials must be in to the University before any girl can participate in rushing, and recommendations should be on file at the dean's office from high school teachers or people of the home community. A rushing fee of \$10, which includes room and

meals during rush week, a University service fee and a \$1 Panhellenic fee, and a \$5 fee for girls living at home and participating in rush week, must be paid.

### Newcomers Welcomed

Dean Schwering expressed her attitude and that of the University and Panhellenic as looking forward enthusiastically to all new incoming students.

As in the previous year rushees will be housed during rush week at the sorority houses. Dates will be only calling dates and no food will be served. Excess rushees not quartered thus will be housed in the dormitories for the few days. Students who do not wish to pledge are assured of dormitory space and Dean Schwering stressed the importance for dormitory girls to get their reservations in early.

All new students must register in the office of the Dean of Women in Gerlinger immediately after they arrive in Eugene, or after going to their quarters for rush week. Eugene girls must register by September 15. Sororities will be open Friday morning at 8, September 15, and not before.

### Attendance Required

All-important is the requirement of all rushees Friday night, September 15, at 8 in Gerlinger hall. Rushees must attend and receive a card signifying that attendance before they can further participate in rush week.

Open house will be Saturday morning, September 16, from 8 to 12 when alumni advisers will start groups of rushees from where they are staying and escort them to each sorority house. All invitations for the immediate day will be called for at Panhellenic quarters, third floor Gerlinger.

First period includes dates on Saturday from 7 to 7:45 p.m., 8 to 8:45, and 9 to 9:45; and on Sunday from 2 to 3, 3:30 to 4:30, 7 to 8:30 and 9 to 10. Second period, when rushees should concentrate on the houses in which they are most interested, includes Monday dates from 2 to 3, 3:30 to 4:30, 7 to 8:30 and 9 to 10; and Tuesday from 2 to 3, 3:30 to 4:30 and 7 until 8:30.

Tuesday evening following the last date, rushees will fill out preference cards at Panhellenic and bids will be called for Wednesday morning from 8:30 until 10:30 at the dean of women's office and new pledges will go immediately to their sorority. All students must be moved from rushing quarters by noon Wednesday, September 20.

Short afternoon dress or suit and hat, will be worn to Saturday open house, campus clothes to all other dates, and formal dress for Wednesday night pledge banquet.

### Opening Dates Given

Freshman week for all freshman students starts Wednesday, September 20, and non-rushees are asked not to come before that time. Thursday evening, September 21, at 7:30 in the music auditorium is the president's assembly for new students, and Friday at the same time and place, the Associated Students of the University of Oregon (ASUO) assembly for all new students will be held. Admission and registration will be all day Friday and Saturday morning, September 22 and 23 at McArthur court.

### 'Chute Landing Made

First Lieutenant Leith H. Oglesby, who was graduated from the University in 1937, thinks the name "Reliable Babe" really fits the plane he flies as co-pilot.

The heavy bomber was hit while bombing rocket installations in France which completely knocked out the hydraulic brake system. The pilot, Lt. Nick Furnace, landed by means of two parachutes attached to the waist windows.
