Gates of the main barracks of The Citadel in South Carolina have been in use for more than 118 years. Emory university is believed to be the only university in the world whose main buildings are constructed entirely of marble.

Daly Awards Bestowed On 14

Scholarship awards announced during the summer included awards to 14 Lake County high school graduates from the Daly scholarship fund, created by the late Bernard Daly of Lakeview.

Of the 14 scholarships awarded, seven of the recipients are boys who have enlisted in the armed forces. The awards have been given a deferred status, making the money available to them when they return and enter a school of higher education.

Winners of the Daly scholarship are Marshal Ayres, Phil Brogan, Donald Cogburn, Eugene Favell, Rosetta Hamaker, Ruby Hiatt, James Howard, Joy Koenig, Dorothy Maddock, Gloria McDougal, Betty O'Conner, Jack Pendleton, Vinton Pope, and Dorothy Withers.

Four scholarships were granted by United Airlines, Inc., for a course in world citizenship for an air age. The course, sponsored by the airline company, was held through the school of education in connection with the University summer session. Those receiving the scholarships were Fay Van Schoianck, Cottage Grove, Pauline Pearce, Vivian H. Pitman, and Dr. Robert E. Anderson, all of Eugene.

Dorothy E. Godknecht, sophomore in journalism, has been adjudged the winner of the Botsford, Constantine and Gardner agency contest for 1944. Announcement of the \$40 prize award, included the report of a second prize of \$25 to Jenelyn Gaston, junior, and third prize of \$10 to Marilyn Campbell, senior, both architecture and allied art students.

The Arthur P. Pratt fellowship for graduate study was awarded to Clare B. Morgan of Portland and was announced at the June commencement exercises. Miss Morgan, who received her bachelor of science in chemistry, will receive a stipend of \$475 and plans to work for her master's degree in physical chemistry.

A graduate of Grant high school in Portland, Miss Morgan was chosen by Phi Beta Kappa, national scholastic honorary at the spring election, and is also a member of Pi Mu Epsilon, mathematics honorary, and has maintained a high grade point average during her four years at the University.

The Pratt fellowship was named in honor of Arthur P. Pratt, retired California business man now living in Beverly Hills, and was proposed and arranged by John C. Foster, president of the Coca-Cola Bottling company of Eugene.

65 Eligible For Honors Privileges

DIVE BOMBER PILOT . . .
 . . . in the Marine corps is Second Lieutenant Robert W. Deverell, who was graduated from the University in 1942. On his first tour of duty he bombed every Japanese airfield in the northern Solomon Islands area. He also participated in the bombing of Japanese shipping, ground installations, supply bases, and bivouac areas. Deverell was a member of Theta Chi fraternity on the campus.

LOIS and ROY WHYTAL, Proprietors

Side Patter

By SUE WELCH and PATSY MALONEY

Back to almost practically nearly normal—the SIDE is buzzing with female activity: Pledges getting in their last day of freedom; "Mac" MacArthur "casing da joint" every three minutes for a second, third and fourth for bridge; BWOC Signe Eklund without Hal Ford.

Comes now some MEN!! "Smitty" Smith, prominent Sigma Chi, breezing in, then out, then back in again; Jerry Miller in pursuit of Buckshot for that last dollar; Wilhelm Van Vector in his blue levis and a luscious maroon sweater looking like Beau Brummel.

Wally Johnson with a new flame, Degee pledge, Donna Chapman. Bob Proul by himself—nuf sed.

We wonder: Why Bob Stiles cut his beautiful hollywood—could be the Phis didn't go for it? What the boys in the back room were doing about 3:30!!!

Busy Bee department: Chi O Phyllis Perkins fumbling for an other. The shortage of help at the SIDE is terrific.

Scoop! "Sworth" is working on a new gossip column. Probably for today's paper.

Flash! (aren't we journalistic though): Al Sellars has planted his D.U pin on Natalie Cartier.

Have you ever seen: so much lemonade consumed as in the SIDE? Verry good stuff; anybody as stingy as Jeanne Krebs?

By the way, the SIDE opened under new management this year. Still the same old hang-out, however. See you later.

Welcome Students

Show Your Colors . . .

Whether its a corsage for the dance, a mum for the game, or flowers for some other big event, choose her favorite from our large stock of beautiful flowers.
