## Speakers Reveal Plans For 1944 Student-Aid Drive

Emphasizing the need for the encouragement of educational endeavor throughout the world, including war-stricken countries, Miss Mary Robe, traveling secretary for the World Student Service fund, urged all-campus cooperation in the current campaign to raise money for that organization, at the solicitor's dinner last night.

American prisoners of war in Europe write that a book often means the difference between sanity and insanity. More than a dozen former Oregon students are now interned in prison camps. You can contribute to their well-being through the World Student Service Fund which sends them books, study material, food, clothing, and medical supplies.

## WSSF Needs Your Dollars

In view of the tremendously increasing needs for world student relief, the World Student Service fund has set the national goal of \$500,000 for 1944-45. Since the WSSF is a relief agency for students and professors who are victims of war, the responsibility for meeting this goal rests upon the students and professors in the United States and in other countries which are still able to help.

WSSF comes close to home when we realize that twenty former University of Oregon students are prisoners of war in Europe. Working through the Red Cross, the WSSF has been able to help them as well as the thousands of other student prisoners by sending them books, study materials, food, clothing, and medical supplies.

"We have not suffered, we do not know the meaning of real hardships, while fellow-students like ourselves in Europe and Asia are struggling against starvation, material and intellectual, and are depending on American students and faculty members to make possible their supply of books and study materials. Those students are the coming generation of world leaders and it is through them that post-war world re-organization must be accomplished," Miss Robe said, at the dinner of WSSF solicitors and committee chairmen last night.

Special guests at the meeting besides Miss Robe were Karl W. Onthank, personnel director, Miss Lois Greenwood, director of the YWCA, and J. Paul Snyder, recently a prisoner in a Japanese concentration camp and formerly in education work in China.

Marguerite Wittwer, chairman of the 1944 WSSF drive, announced the schedule for this week as follows: soliciting will begin in all campus living organizations today and continue through Saturday. All solicitors will turn all money in to
