

## Doors Open Tonight for Carnival Fun

By W. ROMTVEDT

Stirring together such ingredients as a variety show, dancing, food, concessions, and contests, the WAA tonight in Gerlinger hall gym will sponsor a carnival for everyone on the campus and in Eugene who wishes to join in on the fun. With the Duck casaba squad playing in Seattle this weekend, the carnival offers principal entertainment on the campus.

When the door facing Hendricks hall, the one nearest University street, opens at 7:30, some 20 organizations will have brightly decorated booths ready for customers, the WAA will have hamburgers, hot dogs, ice cream cones, and cokes on sale, and dancing may begin on the sun porch. At different times during the evening, the loud speaker will announce jitterbug, waltz, and fox trot contests.

At 10 p.m., carnival goers will make their way to the stage, where Bob Moran, emcee, will introduce a program of variety numbers. First of all, Moran, with Leon Williams and Orin Weir, will put their "Swing Trio" heads together and show what three pairs of vocal cords can produce. In her own true style, Shirley Priestly will give out with a song or two.

Dance numbers include a rumba by Marilyn May, and a tap act by Barbara Hendrickson. After Beverly Benton's humorous reading on marriage will come what students have been waiting to hear—Leon Williams playing on the violin his swing version of "Honeysuckle Rose." His accom-

## Kwamas Reply To Challenge

By UNBIASED

After great pondering and deliberation on the part of the highly congenial and closely integrated University of Oregon "women's" happy service honorary, KWAMA has accepted the challenge of one Phi Theta Upsilon, which will attempt to defeat the aforementioned organization.

Allowing for the advanced age of the Phi Theta "Haggard Has-Beens," Kwama will string along with their plea for a basketball game between the halves of the Oregon-Oregon State game on February 10.

Avoiding the rash selection of incompetent coaches, Kwama is searching for a deeper, more mature guiding light, who will be announced after considering the 18,703 petitions presented.

From the office of the captain comes the following lineup:

Center—Elsie "chairman of moving freshmen into Alpha hall" Ball.

Forward—Jada "got her picture in Life" Fancher.

Forward—Marilyn "president of the Lonely Hearts club" Sage.

Guard—Lis "who let the air out of my tires?" Gilmore.

Guard—Butch "no title is adequate" Leckie.

Substitutes are a closely-guarded secret!

As the "Flashy Few" (19!!!) will undoubtedly have the support of the entire student body, on behalf of the "Hep Hoopsters" the Kwamas would like to encourage a few yells for our opponents.

## 'Embraceable You' Out Of Control

The big love scene in "Heaven Can Wait," Bette hurls herself into Joe's arms in an intimate embrace. To facilitate a line to Messenger 7013, it was decided that Joe's head would go to the right, and Bette's to the left. The big moment at the rehearsal came. With lightning speed, Bette and Joe came together. Bette forgot, and went to the right. Joe also went to the right. Bette and Joe met head on. There was a slight thud.

The only damage reported was a slight blunting of Bette's nose.

This noon is the deadline for dropping courses, and all courses remaining on the student's registration card at that time become a part of his record for the term.

## 'Letter to Servicemen' Briefs Activities

By JEANNE SIMMONDS

Harried professors, sophisticated upperclassmen, and bewildered freshmen thronged McArthur court, January 2, as 1873 students, 1463 of them women, completed

Elected from among 24 freshman candidates, Dorothy Conrad, Mary Spiller hall, was chosen "Oregon Dream Girl," at Coed Capers early winter term. Besides the honor of having her picture sent to more than 5000 Oregon alums in the service in this issue of the Emerald, she was dated en masse by five members of the basketball team, and reigned over Capers festivities.

## UO Building Appropriations Said Inadequate

Charging that the present building program is entirely inadequate to meet postwar University needs, the ASUO, executive council Thursday night voted to investigate and adopt a plan of campaign for the advancement of University buildings.

At a special session of the council, the proposal was submitted by Gene Conklin, junior representative, who had made some study of the appropriations now in the way and means committee of the state house of representatives. After a discussion of the needs and probable postwar enrollment in relation to the state board of higher education's building plan submitted to the legislature, the council adopted the following resolution:

### Need for 'Long View'

"The executive council, representing the students of the University of Oregon, hereby adopts the following purposes and methods of achieving a program of advancement of University building. To make known to the people of Oregon, and most especially the legislature of the state of Oregon, what buildings the students think it necessary to construct.

"To impress upon the legislature the urgent need for the "long view" of higher educational development in this state—looking toward the expected large increases in enrollment, and toward the development of the University as a fully-equipped institution constructed on a full-scale pattern, not a series of temporary utilitarian workshops."

The council also discussed the necessity of higher appropriations for faculty salaries as a means of

## Politics, 'Faith' Speeches End

The concluding sessions of the lectureship on religion and world politics will begin this morning at 9 with a lecture by Dr. Wilhelm Pauck, of the University of Chicago. Each lecture will be given in Alumni hall of Gerlinger and all faculty members, students, and townspeople are invited. A discussion period during which questions may be asked by the audience will be conducted at 11:20.

This conference, sponsored by the faculty committee on religious and spiritual activities, headed by Dr. R. R. Cushman, has brought to the campus three guest speakers who are acknowledged authorities in their fields, according to Dr. Cushman.

The series was launched Thursday with an all-campus assembly in McArthur court, Dr. Wilhelm Pauck, professor of historical theology, as guest speaker. Dr. Pauck, a graduate of the University of Berlin, came to this country in 1925 and was later refused permission to return to Germany because of his work with the underground organizations agitating against Hitlerism.
