Dolph, Anne Craven, Robert Hamilton, Charles Politz, and Marie Rogndahl. The senior class turned Gerlinger hall into "Club 45," January 6, as Bob Fisher and his "Radio Band" took over the spotlight at the class dance.

Five Oregon men, the basketball team, didn't get to that dance, however, for they were busy just then defeating the Idaho Vandals by a score of 42-40.

Annamae Winship, junior in journalism, was appointed acting business manager of the Emerald, following Roseann Leckie's resignation, on January 9.

A mass invasion was staged when the men (God bless 'em) streamed into Gerlinger and virtually took over the Coed Capers. But comparative peace was restored and the annual all-femme event quieted down enough for mistresses of ceremony Lois McConkey and Anita Fernandez to announce that the juniors had won the skit prize and the Kappa Kappa Gammas the costume prize.

Our own Webfoots trampled the OSC Beavers January 13, when Del Smith was once more high scorer for Oregon.

January 16, Dr. Harry H. Newburn, dean of liberal arts at the State University of Iowa, was named president of the U. of O., to succeed Dr. Donald M. Erb.

When the now league-leading Ducks and the Washington U. Huskies met January 26, the sparks flew, and Oregon came out victorious to the tune of 59 points to their 36.

Tall, blonde Mary Margaret Ellsworth was presented at the Half as Miss Hospitality for the Oregon Dad's Day.

The student body and townspeople flocked to Mac court again on January 30, this time to hear the Don Cossack choir, under its diminutive leader, Serge Jaroff.

To bring you up to date, Oregon servicemen, we'll conclude with the WAA carnival, to be held tonight at Gerlinger. Hope you'll be with us for the next one . . .

Anyway, a man still can take a chew without feeling he should offer one first to the lady.

New Rule Allows Overseas Mailing

Here is good news for those who would like to subscribe to the Emerald but fear it cannot be sent overseas. Under a new postal regulation it is possible for publishers to mail newspapers overseas to all regular subscribers without special permission.

Many former students now in the armed forces received the Emerald no matter where they are. They write back saying how much they enjoy reading about what is going on at Oregon. This is an opportunity to make leisure time more pleasant by making sure of receiving news of the University of Oregon campus.

UO Building

(Continued from page two)

Keeping present faculty members and obtaining others outstanding in their fields. It was decided to include this request with the building needs.

During the discussion it was brought out that the state program does not provide for additions to dormitories or an auditorium, both of which, it was agreed, are badly needed on the campus.

Conklin and Charles Politz, senior in journalism, were appointed chairmen of a committee to investigate the problem thoroughly and conduct a campaign to acquaint parents, alumni, and members of the state legislature of the inadequacy of the appropriations, not only for the University campus, but other state institutions of higher learning as well.

Organists Society Hears Allton Play

Donald W. Allton of the school of music faculty is in Portland today to present an organ recital before the Oregon chapter of the American Guild of Organists at the home of Lauren B. Sykes. Most of the program will be devoted to the 1945 examination selections of the guild. Mr. Allton is himself a member of the guild and holds the degree of associate with the organization.
