## 45 Teams Enter Eighth Annual Hayward Relays

Oregon plays host to 518 thinclads this afternoon in the Eighth Annual Hayward relays in the only track event of the season on the Oregon oval beginning at 1 p.m. Forty-five teams are entered from the different high schools throughout the state in the relays which rival the famous Penn relays of the east. The Hayward relays have grown from a dream into a reality and this year Col. Bill Hayward has signed a record number of entries despite transportation regulations.

Last years defending champs—Jefferson of Portland in class A, Beaverton in class B, and Mohawk in class C—face a new field of contestants. Competition should be keen, especially between Grant and Jefferson for both squads are sending a complete team into competition hoping that numbers will provide the margin of victory. Col. Bill Hayward, director, and members of the physical education department have made all of the arrangements for the meet and a complete staff of officials will be on hand to officiate the meet which is free to the public.

Entries received include class A: Jefferson, defending title holders; Franklin, Washington, Grant, Benson, Commerce, Roosevelt, Springfield, Eugene, Corvallis, Hillsboro, Klamath Falls, Albany, Bend, Salem, Oregon City, Grants Pass, Milwaukie, and Hood River.

Schools entered in class B are: Beaverton, last year's champs; Roseburg, Park Rose, University, Coquille, McMinnville, Junction City, Scappoose, Columbia Prep, Cottage Grove, Marshfield, Cen-

tral Catholic, Mollala, and Redmond.

Class C entries include Mohawk, present title holders; St. Mary's of Eugene, Willamina, McKenzie, Monroe, Chemawa, Reedsport, Sheridan, Oakridge, Henley, and Arlington.

Awards will be presented immediately on conclusion of the meet by Bill Hayward, track coach of the University of Oregon and director of the Hayward relays which is an official Oregon High School Athletic association event held yearly on the campus.

### If a Buddy

(Continued from page two)  
for meritorius achievement while participating in aerial flight against the enemy.

As co-pilot of a 15th AAF Liberator, Dyer has helped pilot the big B-24's over vital industrial targets in southern and central Europe. He has 14 missions to his credit.

### Hubbard Wins Medal

Another winner of the air medal was Second Lieut. Wayne G. Hubbard, former U. of O. student, who was presented his medal at a recent formal decoration ceremony at a 15th air force P-38 Lightning fighter base.

Lieut. Hubbard has flown 34 combat missions to date in the Lightning squadron, which during the first months of this year has accounted for almost one fourth of the total number of locomotives destroyed through "strategic staffing" by the 15th air force fighters in their attacks on the southern German traffic of motor and rail cars.

A former student at the U. of O., Marine First Lieut. Richard G. Coggin, has reported at the marine corps air depot, Mirimar, California. He recently returned from the Pacific, where he was photographic officer of a marine air wing group on Midway.

### Cited by President

The squadron, which was the first to land on Guadalcanal's Henderson field when it was captured from the Japs, was awarded the presidential unit citation. Lieut. Coggin enlisted in June, 1942, and was commissioned in April, 1943.

Tom Kay Boylen, former varsity track star, was commissioned an ensign in the naval reserve and designated a naval aviator recently at the naval air training bases, Pensacola, Florida. Having completed his intermediate training at the "Annapolis of the Air," he will be ordered to duty either at an instructors' schools or at an operational base.

More than five hundred trackmen, representing virtually every school in the state, are expected to enter the eighth annual Hayward relays to be held this afternoon at 1 p.m. on Hayward field. The event will draw the best trackmen in the state; individual competition in the pole vault, discus, broad jump, football throw, and 100-yard dash is provided in addition to the 15 relays in the A, B, and C events. The relays, a brain-child of Col. Bill Hayward, will become a permanent fixture at the University and at present the Hayward relays surpass any event on the west coast of a similar nature.

Col. Bill fashioned the relays after the famous Penn relays in the east and although competition is limited to Oregon high school athletes the event has gained nationwide attention.

Three divisions, class A, B, and C, have been established and schools are classified on the basis of enrollment. Class A, 500 or more students; class B, 150 to 500 students, and class C, under 150 enrollment.

### No Admission Charge

There will be no admission charge and everyone in attendance is assured of a first class meet. The Eugene high school band will provide the music, and events are scheduled to start at 1 p.m. Relay competition will begin after an address by Acting President Orlando J. Hollis at 2 p.m.

Officials in charge of the relays are instructed to clear the track of all nonparticipants. High school contestants should sit in their assigned area until their particular event is called, according to Col. Hayward. These rules should be observed by everyone because the relays are scheduled to the exact minute and unless the rules are observed the meet will become a long and drawn-out affair.

### Hayward Relay Records

Two class A records and one class B record fell to the way-side last year when Jefferson and Grant, both of Portland, set new marks in the distance and sprint medley and Mollala annexed the distance medley in the B division. There is some doubt as to whether any new marks will be set today but in any case the fellows can try to beat any of the following times or distances.

### Class A

Shot put, Vancouver (Wilson, Burchfield, Allinger), 131 ft. 4½ in., 1941.

High jump, Vancouver (Burchfield, Crowhard, Carliso), 17 ft. 3 in., 1941.
