

CHUMLEY

THE
CAMPUS

The **CHUMLEY** girl
goes to college

You'll recognize her on sight because she looks so "right" . . . so typically American! From her crown of shining hair to the toes of her Chumley mocassins, she's gay, animated, yet always easy-mannered and natural. Whether she's dashing around of a Saturday in pedal pushers or all dressed-up for a date . . . her clothes are the right ones for the time and the place . . . and they have that smooth look that is typically Chumley. Of course you know that Chumley fashions are exclusive with Charles F. Berg
