

## Totals Near Expected 2500

Total enrollment in the University of Oregon has reached 2453 students and additional registering indicated that the expected enrollment of at least 2500 would easily be reached. These figures were released Tuesday night by C. L. Constance, assistant registrar.

Breakdowns Saturday showed the freshmen leading with 1071 students; sophomores, 780; juniors, 159; seniors, 172; graduate students, 9; and special students, 38. Women students then numbered 1608, while the men, in spite of increased enrollment since last year, totaled only 650.

## Films Begin

(Continued from page one)  
 private short subjects on popular dance bands, sports, and colored cartoons. The movies will begin at 7:30 p.m. in 207 Chapman, with the second showing about 9 p.m.

**Thursday Program**  
 The Thursday night opening program will show a 45-minute film, "Conquest of the Air," tracing in chronological sequence man's early attempts to fly, the development of lighter-than-air and later heavier-than-air craft. It will also picture famous planes, designers, and aviators, showing details of airplane construction and operation.

The second feature will be a March of Time feature entitled "Russia at War." This film shows the USSR war effort and in so doing gives key to her potent position in a world at peace. Glimpses of Moscow and everyday life during the war are included, as well as scenes of guerrilla warfare and Soviet air battles against the Luftwaffe. In addition two short subjects, one a Robert Benchley comedy and the other a musical, will be shown.

There will be approximately eight programs during the term, the last one to be shown previous to closed weekends.

## Band oh Band All Ye Brasses

A University band is being formed to toot the mighty men of Oregon to victory, but more lusty-lunged students are needed in the brass section.

Although the band is of sufficient size for concert work, John H. Stehn, acting dean of the school of music, stated yesterday that there is a critical need for trombones, snare drums, and other brass instruments, if our enthusiastic rooting sections are to receive the proper support.

Any fellows or girls who are able to help relieve this shortage are urged to dust off their loyalty and sign up for the one-hour band course.

Appointments are not necessary to see Mr. Stehn who will be in his office at the music building during school hours, except at four o'clock on Tuesday and Thursday when he may be found in the ROTC building band room.
