

Council Releases Fall Social Calendar, Announces Rulings on Campus Events

The Women's Coordinating council, newly-activated campus board, yesterday released the term's social and activity calendar, and announced their rulings on all campus events. Margery Skordahl, president of the council, made the following statements concerning social functions:

1. A limit of four women's house dances and one man's house dance has been placed on an evening.
2. No more than six desserts or open houses can be held on any one Wednesday evening.
3. Houses have been limited to two open houses or desserts a term, effective October 3. (This means that any house that held its open house or dessert on or before October 3 is permitted only one more.)

4. All exchange dinners are executed through the AWS, and have not been considered in the compilation of this schedule.

The purpose of this council, Miss Skordahl explained, is to aid the dean of women's office in making out the term calendar, so as to permit the maximum of social events or activities to function with the highest degree of success.

Following is the schedule of events planned:
