HUSBAND NOT NEEDED

WAA All-Member Meeting October 12

Oregonian Harmony

(Continued from page one)

This is the story: Dr. Souers, head of the English department, will address the student body at the weekly assembly Thursday, 11 a.m., in McArthur court. His topic will be "The Oregonian Harmony." No one can learn what that means.

It is the mystery of the week. It is the \$18.50 question.

(The Emerald will give a \$25 bond to whoever answers the question before Thursday) (Maybe).

However, a few background facts were divulged to the press. Dr. Souers attended the University of Iowa (President Harry Newburn's old stamping grounds), and holds a doctor of philosophy degree from Harvard. Before coming to Oregon he was on the faculty of Newcomb college, Tulane university, New Orleans.

He is the author of several articles and a book, and belongs to the National Council of Teachers of English, the Modern Language association, and other literary organizations.

He will be introduced at the assembly by Dr. Newburn.

Beaver Returns

Marguerite "Beaver" Wittwer, managing editor of the Oregon Daily Emerald, returned Saturday from a three-weeks trip to upstate New York and Massachusetts. Beaver, after working most of the summer as society editor of the Lebanon (Ore.) Express, received a cable from Ralph Holzworth, ASTP on this campus in 1943-44, from Syracuse university, fought to Syracuse, New York, to meet him. Holzworth, a Phi Kappa Psi from Syracuse university, fought with an armored field artillery unit in Europe.

Beaver will take over immediately as managing editor, following Winifred Romtvedt, who was acting managing editor while Miss Wittwer was in the east.

Telling the Editor

(Continued from page two)

he will be proud of and he will act like a man. Put him in a child's suit, and he will forget that he is a man. Put him in a crowd that is dignified, and he will be dignified. Put him in a crowd that is just a little bit disorderly, and he will multiply it by ten.

So you see the Emerald's idea of putting the servicemen in another separate section wasn't based on logic.

Let's get on the ball and abolish the obstacle that stands in the way of everyone's enjoying a football game. That obstacle is the "tradition" of segregation of students at athletic events.

Married Vets Get Phones

Ex-GI's may qualify for private telephones in Eugene, under the new revision in government order U-2, it was recently stated by the Eugene telephone company. The local company states that the ex-servicemen must be married, and both the wife and husband must apply for the phone.

The infirmary claims nine patients today, with Richard Goodwin, Campbell Coop, Tom Chloupek, and Virginia Lindley, the latest to enter.

A former Coxswain on a navy aircraft carrier Dick Goodwin is a sophomore in business administration. Enlisting in March, 1942, he saw action around the Solomons, New Guinea and Australia.

The other victims who should be out soon are Dorothy Davis and Betty Shultz, Susan Campbell, Mary Rose Wiebe, Sigma Kappa, and Ailsa Bynon, Delta Gamma.

Today will mark two weeks in sick bay for John Frick, a former Navy man, whom this reporter thinks must really like the environment.
