Medical Award Goes to Senior In Chemistry

"I was certainly surprised. I can hardly believe it myself." This was the statement made by Eileen Brenneman concerning the Kenneth A. J. Mackenzie memorial scholarship which was awarded her by President Harry Newburn on the recommendation of the premedical and pre-dental advisory committee.

Miss Brenneman who lived her first three years on the campus at Susan Campbell hall, took part in house activities, was co-chairman of the All-Campus sing last year, and did solo and orchestral work in piano in her freshman and sophomore years.

Lab Work

Last summer she worked at the new Bureau of Mines laboratory at Albany, her home town. This year she is assisting Dr. C. H. Secoy, assistant professor of chemistry, in organic chemistry research in addition to her regular courses. George Hall Describes Alaskan People

Assembly Features Address, Football Skit; Rally Squad Drama Depicts Football Fans

By June Goetze

Depicting Alaska as a vast land populated with the most sensible and dependable of people, George L. Hall, assistant dean of men, addressed the assembly yesterday morning at McArthur Court. "But when you go to Alaska, skip the Aleutions," he advised. As an example of the attitude of the Alas-

kans, Hall told about a friend of his who had a good gold claim, but seldom worked on it. His philosophy was that he needed only \$500 a year with which to buy his "grub" he would work his claim just enough to get that much gold and then spend the rest of the year in leisure.

Soldier Humor

Even the soldiers stationed on the Aleutians never lost their sense of humor, he said. Hall cited the case of the troops who were stationed on the completely barren island of Umnak. To satisfy their desire for trees, they constructed one from wire, lumber and papier-mache. Then they tacked up a sign naming this tree the "Umnak National Forest."

L. A. Suburb

Quoting Bob Hope's description of Alaska as "miles and miles of miles and miles," Hall said there is a town. Wherever there tank. are 1000 people, there is a city,

and Alaska has just five cities." He explained his writing a book about Alaska as being the obvious thing to do. The book, "Sometime Again" is now in its second print-

Hall was introduced by Ed Allen, president of the ASUO.

Football Skit

The rally squad presented a short skit on the types of people who attend football games. They introduced Goodrich Hubba, played by Janet Hicks, as "God's gift to the rooting section."

Seearch Tumbleweek, the type who knows nothing about the game but is eager to learn was portrayed by Sally Mann. Pattie Beaton played Glo Gently, who thinks of games as something after which she can go dancing.

Steve Gann was the example of those who view the game through "Wherever anyone has a neighbor, half-closed eyes, Roscoe Short-

for the game at Portland, announced Mickey Davies, yell king.

Jeanne Carpenter provided music for the assembly with the playing of "Rock-a-bye Basie" and Boogie Man."

Bob Moran announced that members of Skull and Dagger are to supervise conduct at the game Saturday.

A request that girls who are planning to sit in the rooting section wear white blouses was made by Lois McConkey. She also announced that a rally will be held tonight at 9 in front of the Victory center at Portland.
