

Obliging Pioneer Father Suggested for Homecoming

By Joan Hickey and Kay Leslie

Since most Oregon students have never witnessed a Homecoming weekend, the committee feels that the traditions of the sign contest should be revealed. A few houses are already planning for prize winning signs, but others are still searching for ideas. Returning alums will be anxious to see the traditional

unveiling of signs. The custom is to drape the front lawn over the sign until the judges appear. This is just one of the revered traditions.

Mill Race Annex

The Eugene city street commission would undoubtedly be glad to cooperate with a group of organizations who would like to construct a millrace on Alder street from eleventh to sixteenth. Alums always enjoy revisiting the millrace, so the one bordered by the Alpha Phi and Chi Psi houses probably will not accommodate the expected crowd.

Those who wish to portray the immortal duck need not supply ciled feathers for the bird. A raincoat will do. Zoology students know that the duck-billed platypus is a mammal, not a duck, so an Oregon duck should never resemble a platypus.

Puhleuz

The pioneer father, one of Oregon's most honored landmarks, could be shown tipping his hat. Care should be taken, however, that the motor moving his arm doesn't break down so that he fails to make the proper gesture.

The Homecoming committee, working for the best Homecoming in thirty years, has conferred with the gods in a special session to assure ducks of the traditional weekend.

Life Goes To Indiana

If these ideas are not sufficient, take a cue from Indiana university, who had Homecoming recently. Last week's Life magazine showed how the AOPi's really got carried away. They did a can-can dance, and the row of dancers spelled out their theme with letters tacked onto the part of their costumes that is conspicuous when they face the back of the stage.

The girls only got honorable mention for their efforts.

NO HOLIDAY

Although Sunday, November 11, is Armistice Day, the following Monday will not be observed as a holiday on the campus, George Hall, assistant dean of men announced Thursday.

AAUW Offers New Fellowship

The Oregon Division of the American Association of University Women has set up a \$1500 graduate fellowship for the purpose of stimulating scholarship among the women of this state. In order to qualify for this scholarship the applicant must be a woman resident of Oregon, a graduate of a standard college approved by the American Association of University Women, of excellent character, in good health, and have ability and initiative.

She also must have completed at least one year of graduate work or its equivalent in practical experience along her chosen line of study. The candidates must submit definite plans for research; however, consideration will be given to an applicant who can give evidence of having completed a limited amount of investigation, provided that the work is of high quality and shows exceptional promise.

Application blanks may be procured from the dean of women. Application must be accompanied by a letter to the chairman of the committee, Mrs. Mabel Weston, 267 North Winter street, Salem, Oregon. The letter must include an account of the applicant's educational training, her reasons for her interest in research and what she considers are her qualifications for same. Additional information, as indicated on the back of the application blank, must be given. Applications and recommendations must be received not later than February 10, 1946.

The winner of the Lane county contest will receive the support of all the bonds sold in Lane county when she enters the state contest.

Names and photos of the queen candidates will be displayed at a polling place on the campus Monday, Nov. 13. Directions for voting will be given with the purchase of each bond.

Students are requested to solicit bonds only in Lane county, to prevent the drawing of money from other counties.

Vandals Ruin Turf

a good description of the car and several clues on which they are working. Police are almost certain it was local vandals, probably youths from Eugene or some nearby small town.

"We do not suspect Oregon State," stated Steddom. "It would be to their disadvantage as well as to ours to ruin the field."

A week of sunshine would be of considerable help Steddom be-

lieves. "The roots of the grass would grow and take hold again," he asserted. "Otherwise when a player steps on the broken grass, the footing will be poor."

The vandalism was apparently not planned, but done on an impulse. It is the first time that such great damage has been done to the field.

Workmen had been working for weeks to repair the field after the recent damage done by the OSC burned into the field.
