

House Dances Vary Motifs

House dances held the social spotlight Friday evening with Alpha Phi, Alpha Xi Delta, Hilyard house, Sherry Ross, and Sigma Kappa entertaining.

Short silks were in order for the girls at Alpha Phi's Tall Timber Lodge. Fir trees and ski equipment carried out the theme. Dancing was from 8:30 to 12:15. Co-chairmen in charge of the dance were Sue Schoenfeldt and Claire Searing.

"Candyland" was the motif of the Alpha Xi Delta dance, also a short silk. Chairman, Konny Van Allen, enthusiastically described the decorations. A huge layer cake dominated the living room, and the front door was made to look like a mammoth candy bar.

A two-hour dance was held by Hilyard house for which Phyllis Kiste was chairman.

At Swimemr's Delight on the Willamette river the men of Sherry Ross held their informal Golddigger's Ball. Bill Ellifson, chairman, planned that boys should wear cords, jeans and plaid shirts while the girl could wear either peddle-pushers, slacks, or skirts.

Upper class girls of Sigma Kappa gave a party honoring their pledge class. Under the general chairmanship of Charis Brodt, the theme carried out in the decorations for the dance was Chinaboy. A big moment of the evening was a surprise engagement announced by Jeanette Larson.

to have a campus orchestra back again.

Big plans are being made by a little fella called Tin Elliott Wilson who is looking forward to an easy fortune by installing parking meters at mighty Hendricks park. Wonder who would be the best customer—or would it just be a case of dear Elliott spending his own money?

Big happiness was sounded at the Sig Kap house dance when Jeanette Larson announced her engagement to Billy Murdock of the fighting Navy.

Whats' all this unhappy talk about our feetsball team not buying many bouquets for their coach Tex Oliver? Could this mean that mutiny is even possible on a foot-ball field?

Questions are being asked about Tomm Drugas and M. Rakow of the house on the hill. Just what is the story this time?

been conducting radio classes here at Oregon, and until this fall has been in charge of KOAC broadcasts originating from here. This year, the actual broadcasts are being produced by Mrs. Mary Stanton Krenk, wife of the aforementioned Marvin Krenk, so that Mr. Wood can have more time to spend with his prime interest, speech pathology.

Mrs. Krenk

A comparatively light schedule of broadcasts is now in progress with regular Tuesday and Thursday broadcasts, and a proposed every-other-Wednesday slot to be filled with a campus varetty show, one of which has already been presented this year.

Classes are presented in the fundamentals of broadcasting, radio workshop, and radio play production, and a student staff of five is aiding Mrs. Krenk with her KOAC broadcasts.

The history of Oregon's radio work has developed fairly well in

pace with the University development, and like the Universty, future plans are already in motion. A proposed new and bigger studio in a remodeled Villard hall with better facilities is planned for the very near future, with the more distant future looking even rosier for radio at Oregon.

The dance committee, headed by Hal Larson, after investigating all possibilities, decided that it was not feasible to give the dance this term, but announce that plans are being formulated for an all-campus, ISA sponsored dance sometime next term.

Emerald Business Office

Eugene, Oregon

November 2, 1945

Dear Emerald Subscriber:

For several weeks we have been receiving letters from subscribers saying they have not received their copy of the Emerald regularly. We are sorry to hear of this condition because we know how much you want the Emerald or you would not have subscribed to it.

We are doing everything possible to remedy this situation and hope you will be patient while we are trying to help you.

The subscription list has been checked thoroughly and found to contain the addresses the way you sent them to this office. If you have moved recently, please let us know. Be sure you have indicated the proper street number, name and city zone.

We checked with the Eugene post office and the superintendent of mails assured us the Emeralds were leaving the Eugene office. There is sometimes a day's delay in sorting due to the shortage of help since the war. They expect to be able to do this more readily in a short time.

The best advice we can give you is to check with your local post office and see if they are getting the Emerald. There is nothing more we can do than check our files when your complaints come in. All names in the records are sent Emeralds every day.

Please cooperate with us by checking with your post office before writing the Emerald.
