

Hoodoo Bowl, Skiers Delight

The Hoodoo Ski Bowl in the Santiam area, is pictured above with Three-Fingered Jack in the background. The Santiam Lodge will open December 15 to accommodate the winter sports vacationists. The Central Cascade Recreation council has a planned program for winter activity. Good skiing is expected for both skilled and unskilled skiers.

Skiers Waxed Wooden Slats Tour Trails at Hoodoo Bowl

Santiam Lodge and the Hoodoo Ski Bowl located on the summit of the Santiam Pass will open for the ski season December 15, 1945. The lodge will be operated by Arthur Boeschen of Salem, northwest skier and sportsman.

The Hoodoo Ski Bowl offers some of the finest skiing in the northwest with slopes varying from very steep to easy inclines for the amateur skier. Ski runs extend from the top of Hoodoo Butte to the bottom of the bowl offering every challenge to the expert.

Trails All Over

Back of the lodge 5 miles to the north is Three-Fingered Jack with unlimited opportunities for the fast trails and ski touring. Ski tows are located in the bowl and are operated by Ed Thurston of Eugene.

Plans are underway for ski tournaments which will prove of real interest to the public and competitive skier. Santiam Lodge offers lodging accommodations for 90 and has a large spacious lounge and dining room. Meals will be served buffet style, they are moderately priced and will be the very best; good food is a necessity for the winter recreationist according to Boeschen.

Equipment Rented

At the lodge ski shop ski equipment and accessories will be for sale and for rent. Opening night

attraction for patrons will be a banquet and dancing. For reservations and information write to Santiam Lodge, Box 686, Sisters, Oregon.

The lodge and ski tows have been closed during the war but have been renovated and repaired for this winter season. The lodge is property of the United States Forest Service and is located in the Willamette National Forest. The lodge and bowl are located on Santiam Pass, the summit of the Santiam Highway, at an elevation of 5000 feet 4 miles east of the Santiam Junction.

Thin Clads Lope Third At Spokane

Webfoot thin clads, five strong, heralded the return of cross-country competition by placing third in the annual Turkey day four mile race sponsored by the Spokane Athletic Round Table. Although the University of British Columbia swept the meet with second, third, fourth, fifth, and ninth places the Webfoots nevertheless made a creditable showing.

William Jueneuman paced the Oregonians to a seventh place close on the heels of Arthur Humphrey, Idaho distance ace. Jueneuman led the squad coached by veteran mentor Bill Hayward; others placing to bring the team total to 95 points were: Walt McClure, 14; Hugh Stapleton, 17; Clarence Bell, 22; and Harold Wright, 35.

Idaho Ace Leads

Leading the pack of 61 contestants representing eight schools was Jack Anderson, University of Idaho star, who clocked in at 21:40, six seconds off the course record.

Points for the meet were figured on the basis of the five best times for each school. The Thunderbirds annexed their second consecutive championship, other team totals were: Idaho, 37; Oregon, 95; UBS, second team, 107; Washington 109; Washington State, 135; and Idaho, Southern branch, 196.

Every team with the exception of Oregon competed in dual or triangular competition prior to the Spokane classic, considering that the squad was under staffed and travel weary from the long travel jaunt, the Webfoots did remarkably well in their first and last competitive meet of the year.

This was the first actual cross-country meet for the majority of the squad who center their interest in spring track. Should the fire displayed at Spokane continue through the spring with additional thinclads turning out for sprint and field events Oregon may well be on the road to a first division berth this spring.

THE Dope Bucket

By TOM RILEY
Some Game!

Two California cities, San Francisco and Los Angeles, would like to sponsor a war bond show, featuring the Army squad against the Fleet City Bluejackets. The "Frisco" city stadium seats 60,000, whereas the Coliseum at Los Angeles can uncomfortably seat 103,000. The invitation will be sent to the Army, but little is known about their reply. The Army has stated "definitely no bowl game."

The Army squad lists stars, Felix (Doc) Blanchard and Glen Davis, the touchdown twins. Fleet City boasts, Charley O'Rourke, Boston College; Harry "Hippity" Hopp, Nebraska; Steve Juzwik, Notre Dame; Andy Oram, Minnesota; Bill Diddio, Pittsburgh; and many other All-Americans.

Sensational Young

Claude (Buddy) Young, another Fleet City grizzer, who is the fastest man in football history is the C.A.A. and 220 champ with 9.5 and 20.8 seconds, has three years of collegiate eligibility left. The rumor says, Buddy is set for UCLA. Lon Stiner, coach at Oregon State saw Mr. Young in action and made the comment, "It makes me ill to think he has three years of college ball left." From indications, this Claude (Buddy) Young is sensational!

When the Gaels of St. Mary's bring their team to New Orleans for the Sugar Bowl classic, pitted against Oklahoma A & M, a great exhibition is expected from Bob Fenmore of the Aggies and Wedemeyer of the Gaels. Both boys are All-American candidates.

Dream Backfield

Many football fans have pictured Oregon's Jake Leicht; Corderio and Wedemeyer of St. Mary's and Ted Tannyhill of USC in the same backfield. This illusion is impossible, now that the Gaels are scheduled for a New Year's game.

The odds are pretty good that USC will outscore UCLA and eliminate the SC backs from the West's game with the East, looks probable that a few northern conference boys will see action in Kazar stadium, January 1st.

Criminology Class to Visit Fairview Thursday

The criminology class will go to Salem to visit the Fairview Home, the state penitentiary, and the state hospital Thursday. The class will be accompanied by Dr. S. H. Jameson, professor of sociology. Special clinics will be arranged in each place for the class.
