

Returning Vets Welcomed By Administration, Students

Hearty welcome to Oregon men and women returning to the University of Oregon after wartime service to the country was expressed Wednesday by Dr. Earl M. Pallett, executive secretary, speaking in behalf of President Harry K. Newburn, who is in the East in the interest of the institution:

"It is gratifying to see so many of the former students back on the campus after doing their share in the war," Dr. Pallett said. "I notice also a large number of new students among the returning veterans, and to them as well as to the former Oregon men and women and to other new students we extend a most hearty welcome.

"The newcomers may be assured that everything possible is being done to take care of them, both in the difficult matter of housing and in the academic work of the University. It is unfortunate that housing conditions are so difficult, but with the active co-operation of the people of Eugene the situation is rather better than had been expected.

"Students registering this term in the face of the unusual discomfort are showing a spirit that should carry them along successfully in their pursuit of an education.

"Veterans who returned last term made, in many instances, rather exceptional scholastic records. All may be assured of every effort on the part of the faculty and administration to see that they get the most possible out of this educational opportunity."

Postwar Fraternity Revival Finds 200 Men on Greek Rushing List

Ten-Man Quota Limits Pledging for 15 Houses

Fraternity rushing, dormant since January 1944, again is in full swing with approximately 200 men signing up for the rush period this term, reports the inter-fraternity council members who counted and checked the petitions at a meeting last night.

Fifteen of the 17 prewar fraternities will pledge 10 men apiece this term. However this number is not necessarily a permanent figure and inter-fraternity members hinted that the pledge limit would be raised later this year.

Form Letter Sent

A form letter issued every fraternity aspirant, told the prospective pledges that a limit of 150 men was allowed the fraternities this year and that a fee of one dollar would be charged each pledge registrant.

Fraternity members explain that this charge was necessary to hire the inter-fraternity council secretary and to cover other expenses.

To take care of prospective pledges who did not have a chance to sign up yesterday a special table will be set up this afternoon in the basement of Johnson hall.

Houses Listed

The fraternities opening their own houses this term are: Beta Theta Pi, Chi Psi, Sigma Phi Epsilon, Phi Gamma Delta, Theta Chi, Alpha Tau Omega and Phi Delta Theta. Delta Upsilon and Sigma Alpha Epsilon are sharing the Delta Upsilon house.

Fraternities opening but not having their own houses this term are: Sigma Alpha Mu, Phi Sigma Kappa, Sigma Nu, Kappa Sigma, Sigma Chi and Delta Tau Delta.

Fraternity Pictures' Deadline Next Week

All new students, fraternity men, and fraternity pledges must have their pictures for the Oregana taken at Kennell-Ellis before Tuesday, January 8, Jean Yoder, Oregana editor announced Wednesday. Students must make their own appointments.

Demand for Housing Still Exceeds Supply

Despite the increased facilities for the housing of University students, many prospective students were unable to register this term because there is no place for them to live, University officials announced.

Although no one has been refused admittance to the University, letters were sent out to those for whom no housing was available warning them that if they wanted to attend, they would have to find their own rooms. Karl W. On-

thank, chairman of the housing committee, said that many have secured their own accommodations.

29 More Houses

Forty houses and 50 trailer houses secured by the University have already been filled by married students and their wives. In another month or two 29 more houses across from Hayward field will be ready for occupancy.

The University is constantly trying to secure more accommodations for students.

The second floor of Villard hall has been converted to house 80 men and the third floor of Gerlinger hall is now the home of 36 women. Thatcher cottage has also been changed to house 24 men.

Of those students who were living in the seven fraternity houses which opened this term, some will stay in the fraternity houses as members or as paying guests. Room for all the women was found in the dormitories.

A drive headed by Herbert Cox and Arthur Prialux to find more room for veterans in private homes has helped the situation, according to Mr. Onthank. "They have found more room in this city than I ever thought they could," he said.

City Groups Help

Among those assisting with the campaign for housing are the University City Groups.

Sororities Begin Rushing With Lunch, Dinner Dates

Rushees Must List Names, Pay Fee At Panhellenic Office Today

Panhellenic announces that winter sorority rushing starts today with luncheon and dinner dates in order for the week ending Saturday night. Anyone wishing to rush this week must first pay the registration fee of five dollars at the registrar's office in Johnson hall, unless it was paid previously.

The rushee must have her name placed on the rushing list at the Panhellenic office, which is now in the annex to the dean of women's office. Both offices will be open from 8 a. m. until 5 p. m. Dates will be picked up by rushees every day between 9 a. m. and 11 a. m.

Preference cards will be filed out and the time for receiving bids on Sunday morning will be announced at a meeting for all rushees Saturday evening.

Those dropping rushing because of a grade point average below 2, or wishing to drop for any other reason, should have their names taken off the rushing list in the Panhellenic office.

Twentieth Century Lit To Meet Wednesdays

Professor H. C. Franchere's class in twentieth century literature will be continued during the winter term, it was recently announced by the general extension division.

This two hour course will meet every Wednesday at 7:15 p.m. in 106 Commerce. The first meeting will be Wednesday, January 9.

'Hour' to Feature Asia Discussion

A discussion of the Far East by two members of the University faculty will spotlight the "University Hour" over station KOAC today at 4 p.m. The main topic, "What To Do With the Philippines?" will be discussed by Marvin Krenk, instructor of radio and speech, who has returned to the University this term after serving with the army air force in the South Pacific for 20 months and Dr. Warren D. Smith, professor of geology and geography who did a geological survey for the government in the Philippines a few years ago.

Music for the "Hour" will feature Maxine Cady, senior in music, who will play Beethoven's "Waldstein Sonata."

Registration Tops Wartime Figures

Incomplete figures on enrollment, as of noon Wednesday, showed 1993 students had received their registration material. This makes a great increase over 1319 compared to this time a year ago. The total number at the conclusion of registering last winter term was 1890, a number which this year's incomplete statistics covers to date, according to Clifford L. Constance, assistant registrar.

Several hundred old students are returning who were not here fall term, with the majority being men, also a considerable number of new students are entering, almost half as many, with the men prevailing.

While there are still two official weeks to register, and students may register on petition after that, Constance pointed out that by next week the enrollment may exceed all previous figures, the all-time high being 3476 in 1941.

Decorations, though being held in strictest secrecy, promise to be original and striking in theme.

Men Wanted for Roles In Theater Production

The University theater guild is calling for men to complete the cast for "The School for Husbands," musical comedy scheduled for production early in February. Rehearsals for the play will begin at once, following the completion of the male role casting. Men interested in the play should leave their names and phone numbers at the drama studio. A special call is also made for any student interested in ballet work or one possessing slight-of-hand ability.
