

Returned veterans on the campus remember the above posed shot of George "Porky" Andrews, still potting in the two point tallies with the Victoria Dominoes in Canada. According to visiting sports scribe, Luke Meyls, of UBC, Porky is more than holding to the lemon and green blazing pace he set at the University of Oregon.

Four of Five Squads Open This Weekend's Lid Busters

The 1946 northern division basketball campaign begins in earnest this week-end when four of the five clubs in the conference open their season against arch rivals. Oregon State plays host to the Idaho Vandals and the Washington Huskies encounter the Cougars from Washington State in Seattle. Last year's titleholders, the Webfoots, draw a bye Friday and Saturday evening.

Competition is expected to be keen, dope experts however seem to rate the Cougars as pre-season favorites, and followers of each squad are hoping to see their favorite come through with the league crown. Returning lettermen, veterans, and freshmen have bolstered each and every squads hope and only time will tell as to the outcome of the conference race.

Gail Bishop Missing

Jack Friel's Cougars are expected to open their season without the services of Gail Bishop, sensational Casaba ace last season for the Fort Lewis quintet and two year letterman at Washington State before entering the service. However, Vince Hanson, towering 6'8" center and national collegiate scorer last season will start at the pivot slot for the Cougars and unless the Huskies can develop a formidable defense Hanson and company may well be on the way toward a pair of victories in the first week of play.

Assisting Hanson will be Tiny Arndt, 6'5" freshman forward, and a host of returning lettermen plus a scattering of newcomers to the Cougar quint. Hec Edmundson will employ the fast break, a standby for the Huskies, in an attempt to race the Cougars and thus capitalize on the expert shooting average of his club thus far this season.

Many Regular Huskies

The Huskies, strengthened by the return of Norman Dalthrop, a veteran of the 1941 season, have a host of regulars and newcomers to bolster the lineup. Members of the Husky crew who will probably start include forwards: Charles Sheaffer and George Henson; center, Rodney Gibbs; guards, Bob Gill and Norm Dalthrop. Others are: Jack Pomfret, Bob Jorgensen, Les Eatmore, and Pete Walliams.

In the other opener at Corvallis, the Beavers will face the strongest

Idaho team in years. Babe Brown, head mentor at Moscow, has the services of nine returning lettermen in addition to two newcomers to send on the court against Slat's Gill's crew. Leading the Vandal attack are Jack Phoenix, 6'9" freshman center, and Fred "Whimpy" Quinn, high scoring forward from the 1943 team. Other probable starters for the Vandals are Grant Mortensen, Len Pyne, and Bob Ryan.

The Orangemen added six new members to the squad during registration this week, four of them being returning lettermen. Returning Staters include Glen Warren, Erland Anderson, Larry West, and Dick Strait, Red Rocha and Ted Henningsen, towering lettermen are expected to use their superior height in an attempt to start the Beavers on the way toward the title.

Tee Men's Call Issued Golfers

In still another move to strengthen the collegiate sports picture at Oregon, Anse Cornell yesterday issued a call for prospective golf talent. All men interested in playing on the college golf team, and those who care to serve in a managerial capacity, are urged to attend the meeting in Mr. Cornell's office in McArthur Court, Tuesday, January 8 at 4 p.m.

It was announced that this team will enter into intercollegiate competition and will compete with all the northern division teams in the Pacific Coast Conference.

Highlight of the golf season will be the championships held here in Eugene spring term.

SCRIBES MEET

Important—all students interested in sports writing are urged to attend an important meeting next Wednesday night at 7:15 in the sports room of the Journalism building. The Emerald is badly in need of sports writers and any students interested in sports activities are urged to attend.

Large Turnout Greets Coaches For New Fives

A pleasing turnout of 36 aspirants for basketball fortunes with the Webfoots defending Pacific Coast conference varsity kings greeted Coach "Hobby" Hobson yesterday in McArthur court, and plans were set for daily workouts at 4 p.m. in the men's gym for the newly formed junior varsity Ramblers and the frosh quintet.

The 11 men composing the Rambler squad will be coached by Eldon Fix, who was recently discharged from a four year tour of duty as an instructor in the naval athletic program. The new addition to the University coaching staff formerly handled the fortunes of Springfield high school for five years as mentor of the topnotch floor pounders there.

Warren Handles Frosh

Coach "Honest John" Warren will tutor the 25 members of the frosh five in competition with teams from over the Pacific Northwest. Training schedules for both the junior varsity and the freshmen will start today at 4 p.m.

The freshmen will meet daily in the West activity court number four at 4 p.m. Rambler scrimmages and training will take place on the East activity court number four. Both courts are in the men's gym.

Men on the two squads showing high-class talent will be shuttled up the line to the varsity five. The field is still open and all men interested in joining one of the two squads are urged to come out at the practice sessions and contact either Coach Fix or Coach Warren.

Peaceful Pill Palace Posts Five Patients

Memaloose Island, that Indian burial ground at the bottom of the Columbia river, has nothing on the infirmary; they're both dead beats.

During vacation the evacuation of students made the infirmary a quiet place. However, beginning with the second day of winter term, six are staying in the Thirteenth street cold spot.

Membership in the Pill Palace Pack include Winifred Romtvedt, Deane Bond, Helen Hackelman, Janice McDaniel, Brailey Brown, and Joan Pogson.

Rushees May Sign

Fraternity rushees will be given another opportunity to register for rushing at 4 p.m. today, downstairs in Johnson hall.

Telephones

on Wheels

and Afloat

The Bell System plans an extensive trial of two-way radio in providing telephone service to vehicles in a number of large cities.

Connections with other telephones will be made through the nearest of several receiving and transmitting stations operated by the telephone company. It is generally similar to the existing ship-shore radio telephone service for vessels in coastal and inland waters.

The main job right now is making more telephones available for those who have been waiting for regular service. But as soon as the new equipment can be built the Bell System will begin extending telephone service to vehicles.
