

## Registration Totals Top 1945's by 78%

By Thursday afternoon the ever-rising registration figures had reached a total of 3183, according to Clifford Constance, assistant registrar. This is a 78 percent increase over last year's winter enrollment of 1778.

Constance expressed the opinion that his earlier estimate of a 3200 total will be surpassed since registration continues until Saturday noon. Only two other winter terms in the history of the University have had an enrollment of more than 3200.

Tell your dollars where to go—don't ask where they went.

### AN INSPIRING EXAMPLE OF ACHIEVEMENT DESPITE HANDICAP

Because Franklin Roosevelt himself had long suffered from infantile paralysis, he was zealously devoted to extending research toward completely conquering the disease . . . and to the Warm Springs Foundation whose facilities can aid those already stricken. The man who became president in the face of so great a handicap appreciated all the more the value of completely restored health, and the need for an institution which would make necessary therapy available to all. Until infantile paralysis smites someone dear to you, you cannot realize how tragic it is. May you never know! But to help those whom it has already claimed, give generously . . . Join the March of Dimes.
