

Hospital Stresses Visiting Hour Rule

"Students are requested to stand outside the room, and speak to the patients from the door;" thus reads the sign greeting all visitors to the campus rest camp. The hospital staff has threatened to restrict visiting hours if the present hours, 2 to 4 and 7 to 8 p. m., are not observed.

Infirmaries rolls dropped two victims since yesterday, making a total of 16 to date. Those on sick bay's list are Jordis Benke, Dorothy Davis, Margaret Knighten, Doris Loennig, Eva Taylor, Lavern Erickson, Selby Frame, Curtis Spengler, Leland Cramer, John Ruble, Walter Lowery, Bill Anderson, Robert Parnas, Betty Ditto, Arlene Johnson, and Suzanne Eurrie.

Lost and Found

The shortage of Literature Survey books is not evident in the Lost and Found department for there are several copies of Book I on the shelves available for their owners. Many copies of other text books have also been turned in this term.

Also shelved in the lost and found department are several pair of gloves, a box of hair pins, numerous colored bandannas, a pair of rubbers, a Zippa cigarette lighter, a looseleaf notebook belonging to Max Angus, one Jet signet ring, an identification bracelet engraved Tom Kellis Jr. and Amy, and several fountain pens and eyershaps.

For the information of new students, the University lost and found department is located in the campus post office on University street between 12th and 13th.

Anyone seeking lost items and returning ones they have found should call at the office any day except Sunday.

Hungry? Try a Doughnut On Your Way to Class

Bring your nickels, guys and gals, to Friendly hall, the Co-op, and the library, where the Mortar Board "fresh, warm doughnut sale will be a success," declared Janice Lee Hansen. Miss Hansen and Trudi Chernis are the co-chairmen in this activity from which the proceeds will be donated to the Mortar Board scholarship fund.

Speakers Asked to Try For Forensic Contest

Any student interested in oratory, particularly after-dinner speaking, is requested by K. E. Montgomery, assistant professor of speech, to see him today or tomorrow at his office, 107 Friendly hall, for consideration in taking part in the next Intercollegiate Forensic Association of Oregon contest.

AN INSPIRING EXAMPLE OF ACHIEVEMENT DESPITE HANDICAP

Because Franklin Roosevelt himself had long suffered from infantile paralysis, he was zealously devoted to extending research toward completely conquering the disease . . . and to the Warm Springs Foundation whose facilities can aid those already stricken. The man who became president in the face of so great a handicap appreciated all the more the value of completely restored health, and the need for an institution which would make necessary therapy available to all. Until infantile paralysis smites someone dear to you, you cannot realize how tragic it is. May you never know! But to help those whom it has already claimed, give generously . . . Join the March of Dimes.
