Committee Meet Tonight For Parade Preparations

Preparations for one of the most colorful events of Junior Weekend will swing underway this evening as committee members gather to discuss plans for the float parade.

Dick Savinar, committee chairman, has requested that each organization be sure its representative attends the meeting. This year houses will work on their projects in teams of two and a drawing will be held to determine how they will pair off. The meeting will be held in Alumni hall and is scheduled to begin promptly at 8 p.m.

"State Fair" Floats

The parade will feature the "State Fair" motif of the entire weekend and floats are to be constructed with this theme in mind. If the originality and interest shown by campus groups participating in University activities this year continues, it should be a very gay and elaborate spectacle that winds its way down Willamette street on May 11, committee members guarantee.

Cups to Winners

Cups will be awarded to the organizations with the best entries. They will be presented at the Annual Junior Weekend luncheon. The lucky coed who is chosen to

- Thursday, May 23**

reign over the gala festivities will ride with her court in a special float constructed by the recently reorganized Druids.

The parade last year was very successful but Savinar expects the 1946 edition to smash all attendance records set in the past.

Mary K. Allton Violin Concert Delightful

By Mary Margaret Dundore

An enthusiastic audience gathered in the auditorium of the music school Tuesday night to hear the initial Eugene performance of Mary Kapp Allton, violinist.

The program began with the performance of the Mozart "Concerto in D Major." The technical passages in the first movement's cadenza and in the third movement were executed with remarkable skill, while the second movement was particularly outstanding for the depth and beauty of tone with which it was played.

Brahms Interpretation

The brilliant "Sonata in A Major" by Brahms, which followed, received excellent interpretation by both Mrs. Allton and Saga Solin-Broughton, who acted as accompanist throughout the program. The unity in effect which the two performers achieved was notable.

Dvorak-Kreisler's "Slavonic Dance in G-minor" was the first selection of the third group on the program. The last two of this group were in striking contrast, one to the other.

Tenderness of Tone

The poignant beauty of Suk's "Chanson d'amour" was enhanced by the exquisite tenderness of tone which the violinist brought from her instrument. The last number, Wieniawski's familiar "Scherzo-Tarentelle," was played with brilliance, displaying technical accuracy and skill.

For an encore, Mrs. Allton favored her pleased audience with the well-known "Girl With the Flaxen Hair" by Debussy.

Alum Magazine Starts Spring Term Activities

Old Oregon, the monthly alumni magazine, has started work on the May and June issues. Department heads are working on preliminary plans and all staff members will be notified of their assignments within the next few days.

Students who wish to work in any of the magazine's three departments but who have not signed up in previous terms, should see the respective department heads or George Luoma, editor-manager.

G. Duncan Wimpers is managing editor; Gloria Grenfel, advertising manager, and Lola Kirbyson, office manager.
