

Program Series Feature Mexico

A Mexican program has been scheduled by the Educational Activities board for the free movies series this week. But due to the Rubinstein concert, it will be postponed until Thursday evening.

The features include a technicolor film titled "Monuments of Ancient Mexico," depicting a thousand years of Mexican history with its cults, pyramids, and idols; and "Adventures of Chico," the story of a young Mexican and his adventures with wild life.

There will be two continuous showings from 7:30 to 10:30 p.m. in 207 Chapman hall Thursday night. These pictures are open to students, faculty members, and townspeople.

Today's World

Iran withdrew its charges against Russia, but the United Nations Security council will keep the case on the agenda until May 6, the new date Russia has promised to get out of Iran.

The new "Japan Democratic Party" announced its purpose, to keep Baron Kijuro Shidehara at the head of the Japanese government.

The house passed legislation to provide for a five-month draft holiday after May 15, and prohibit the induction of teen-agers.

The Palestine government ordered the immediate mobilization of 10,000 troops as spreading strikes protested the detention of Jewish refugees in La Spezia, Italy.

The OPA, the agriculture department, and the department of justice opened a three-way drive to break meat black markets and reduce the nation's bread supply 25 percent to meet food crises abroad.

The senate approved a program to eliminate substandard dwellings, remodel slums, and encourage construction of 15,000,000 new farm and city homes in the next 10 years.

Audition Will Seek University Talent

Talent will be the order of the day Thursday, when the ASUO assembly committee, headed by Jack Ruble, will hold an audition to find new material for student assemblies. All prospective entertainers, including musicians, singers, actors, and masters of ceremonies, should be in the Guild theater at 7:30 p.m. this Thursday evening.

The committee, consisting of Ruble, Virginia Harris, and Nancy Bedingfield, hopes to find enough talent to take care of the assemblies and other feature programs for the rest of the term, in addition to show schedules for April 25.

Any registered student is eligible to compete, and duets and group acts as well as solo performances are needed. The committee urges that those interested plan now to attend the audition.

Vets Must Submit Eligibility Paper

Any veterans who are now enrolled in school with a temporary letter either have or will soon receive their certificate of eligibility and entitlement. "These forms must be surrendered upon receipt to the veterans' administration guidance center, PE Building," states Emmett F. McGraw, veterans' administrator.

Failure to turn in these certificates promptly may result in the delayed payment of subsistence. Each veteran attending school under Public Law 346—GI Bill of Rights—must surrender a certificate in order to have financial assistance for books and tuition as well as subsistence.

Veterans are urged to supply the guidance center with their local address and to keep that office currently notified of any change in address. Advising the post office of a change is not sufficient to guarantee delivery of subsistence checks.

A postman may not deliver a subsistence check to an address at which the payee is not currently living. Therefore many veterans who have intended that their checks be mailed to their home address will benefit by promptly submitting a change of address through the local guidance center.

C. A. Pittman, veterans' administration representative from the branch central office, Seattle, Washington, will be at the local guidance center Thursday, April 18. "Veterans having problems concerning their educational benefits and subsistence from the servicemen's readjustment act or the disabled veterans' vocational rehabilitation program—Public Law 1—should contact him on that day," suggests Mr. McGraw.

Pianist to Display Talents in Recital

Maxine Cady Barnes, senior in music, will present a piano recital tonight in the music school auditorium at 8 o'clock.

A versatile musician, Mrs. Barnes has been prominent in music school work. She assisted Miss Maude Garnett, associate professor of public school music, in conducting the University high school chorus.

Mrs. Barnes, whose home town is Beaverton, Oregon, has also appeared as a pianist on the radio program "Let's Sing America" over KOAC.

Tonight's program will be divided into four sections:

- I
- Brahms Ballade (after the Scottish Ballad "Edward")
- Gluck-Brahms Gavotte
- Leo Arietta
- MacDowell Praeludium (from first Modern Suite)
- II
- Beethoven Waldstein Sonata
- III
- Debussy Suite "Pour le Piano"
- IV
- DeFalla Spanish Dance No. 1, from "La Vie Breve"
- Glinka-Balakirew The Lark
- Gershwin Preludes
