Koyl Cup Winner Gil Roberts Enters On ISA Ticket

Gil Roberts, named outstanding junior on the campus, and recipient of the annually awarded Koyle cup, has been named to head the independent party ticket as nominee for ASUO president, Ann Van Valzah, president of the Independent Students association announced Tuesday.

According to Van Valzah, Roberts' University record, his service as Junior Class representative on the Executive council, and member of the Athletic board, and his outline for future changes in ASUO government made him the outstanding Independent candidate for the office. Roberts is a member of Druids and Friars, and a junior in physical education.

Elected as the Independent nominee for the number two position in the ASUO, that of first vice-president, was Ted Hallock. Hallock, a junior in journalism, has worked for the Emerald as columnist for three years. He is also known for his activities as program director of KOAC, the campus radio station, and as a local band-leader. His service as administrative and combat AAF officer "should stand him in good stead," Miss Van Valzah said.

Other candidates who will be nominated by representatives of the ISA at Thursday's ASUO assembly, as announced by Miss Van Valzah, are: senior representative on the executive council, Nick Weddle; junior representative, Dorothy Fowler; sophomore representative, Laura Olsen.

Bill Setzer will be nominated for the presidency of the senior class at their next regular class meeting.

Junior Class Tops Mothers Day Files: Register 28% For 'State Fair' Festivities

New chairman and assistant chairman, respectively, of the campus Red Cross.

After computing figures turned in by her committee, Mother's Weekend registration chairman Kay Schneider announced that the junior class walked off with top honors for the highest percentage of mothers registered. 28% of their mothers, out of a class of 196, were signed up at Johnson hall.

The freshmen took second place followed by sophomores and finally the senior class. It is felt by Mother's Weekend committee members that although complete registration was not obtained, the number was high considering that housing problems prohibited the offering of a prize cup this year.

Miss Schneider wishes to thank all those who assisted her during the weekend and also Dean Earl for his help and cooperation.

Mothers not only enjoyed themselves but got down to business as well and elected a new state club president, Mrs. John H. Carlin of Salem. They accomplished this at their Saturday meeting which was deftly squeezed in before tea, parade, picnic, open houses and prom. Reports have it that most students are still recuperating from trying to keep up with mother on her annual gay collegiate weekend.

She enjoyed the programs presented by Amphibian and Orchesis, listened appreciatively to the all-campus sing, and even hit the high spots of the Junior Prom from her vantage point on the balcony. She saw various University departments on her campus tour of Saturday afternoon, dropped in for tea at Gerlinger, and bounded on to parade and picnic.

Sunday noon saw mother feted at dinner in the living organizations of her sons and daughters.

Free Chest X-Ray Set For May 20-24

X-rays will be given free of charge to all those wishing them Monday, May 20, to Friday, May 24, in the basement of the Health Service, Dr. Fred Miller announced yesterday. The State Department of Health in cooperation with the Oregon State Tuberculosis Association will have the X-ray unit here for one week. They are capable of taking one picture a minute and will be operating from 12 noon till 5 p.m. and 7 to 9 p.m. in the evening. This will be entirely voluntary and will be of no expense to the student or the University, Dr. Miller added, and includes all staff members, and faculty as well as students.

If a positive or questionable X-ray is taken, the results are sent, in the case of the student, to the Health Service, and in the case of the staff members, to their own physicians. If a negative report is shown it will be sent to the individual.

In order to get an X-ray, a student will have to come to the infirmary this week and make an appointment at his earliest convenience. It is to the advantage of all concerned that there be a definite time set for each individual, Dr. Miller suggested, if a house president would like to arrange a time for his or her whole group to come in at once, that could be done, but should be attended to as soon as possible.

"Over 1400 pictures were taken at Oregon State college a few weeks ago, and we would like to double that," Dr. Miller commented. He also added that anyone wishing
