

MB Ball Yields Mishap, Mischief, Murder, Mice

By NANCY BEDINGFIELD

"Gay but painful" seems to describe the girl-dates-boy Mortar Board Ball last Saturday night, as the girls literally knocked themselves out to show the boys how a date should really be engineered. Meanwhile, the boys did all in their power to show the girls how helpless and nasty they could be. Bill Deller floated down the SPE stairs to hand Joyce Gordon, ADPi, a shaving kit to pocket for the evening. Pi Phi Jordis Benke had a lovely dead mouse sent to Hal Schick, Phi Delt, to make the evening more memorable.

Kwama pledge Lynn Renick tried to track down a horse and buggy for the evening, but had to give in and call for Vic Selman, Phi Psi, in a jeep.

Fiji Calamity

'Tis rumored that the rain storm saved many a boy from transportation in wagons, scooters, and wheel barrows. Two unknown Fiji's were said to have told their dates to wait for five minutes while they "powdered their noses," only to come downstairs a few minutes later to find that their dates had left and would call back in 45 minutes. Take that!

Dinner was served to Mortar Board couples in every eating place from the Bird to the El Capitan. Several DG-Chi Psi couples went Chinese and ate chop suey at the elite Willamette spot.

Jean Parker breezed into the dance with a perfectly cha-awming man (?). Such an attractive

couple. They must have drawn straws to see which would wear the pants . . .

Lovely Bob Moran and dashing Gloria Montag were seen snitching dynamite and slippers from the "flower pots," and Hal Dove looked perfectly ravishing with the pink garter (courtesy decorating committee) draped casually around his shoulders.

After the dance, with the rain at

its best, the transportation problem became so critical that mob hysteria set in, and seven Alpha Chi's and their dates ended up on one car, four of them squashed into the trunk.

DG Barbara Johns' vehicle broke down outside Mac court, so she and a friend Barney "Ah'm Tired Out" Franks made a mad dash for cover through the rain and graveyard.

Through numerous requests a mass apology is being extended to all those fellows who were called upon for financial support before the ripping old affair was over.
