

## Friday Sendoff Shows Spirit For Webfoots

### Rally Members Lead Enthusiastic Students

Thursday night's sendoff for old Oregon's team was attended by a crowd of enthusiastic students at the Southern Pacific railroad depot in downtown Eugene. The team left for the game with the University of California at Berkeley, California.

The rally squad was out in force, except for Tom Hazzard, yell king, who took the plane south earlier in the day to attend the alumni banquet at Berkeley.

Almost everyone present mistook the first section of the train for the one scheduled to take the team, and crowded up to it to start their yells. Trainmen weren't at all pleased with the way students closed in on the train and one conductor was very expressive of that displeasure. Passengers, most of whom were in the dining cars, joined in the fun, waving and smiling at the antics of the yell team.

A grand sendoff yell was given when engine number 4400, dug into the rails slowly starting the train and team off, on what every fan present hoped would be a victorious trip.

Bob Lewis, Hal Schick, Barbara Vowles, Pattie Beaton, Diane Mead and Marguerite Reardon, of the rally squad were all present to give the students a shot of morale. The cheering didn't stop until the engine whistle drowned it out.

## Sign Contest Plans Debated; Judges Chosen

Homecoming sign contest representatives met Thursday to discuss plans for the annual contest. Signs will be built around the theme "A Home for Homecoming," a promise and a hope for a student union building this year.

Don Dole and Janet Hicks are chairmen of the sign contest committee. The signs will be built by each living organization which had a representative at Friday's meeting. They traditionally take the form of huge posters or animated billboards, sometimes even featuring lights and moving mechanical figures.

### Contest Judges

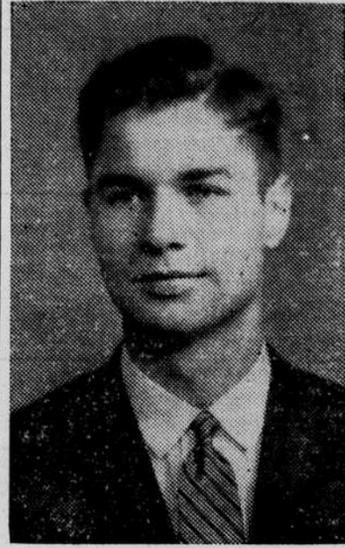

Judges for the contest were announced Friday as Ernest Haycox, Mrs. George Patterson, Chuck Huggins, S. R. Manerud, and Gordon Wilson. No living organization may spend more than \$25 for the construction of their sign.

Those living organizations wishing information about the contest should contact either of the co-chairmen.

### Photos Wanted by Noon

All women who are candidates must turn in these pictures or they will be eliminated from the contest to choose an official "welcome" girl for the top fall term celebration.

Due to active response, the booth will remain open until Friday noon, October 4. Marty Pond, Druid secretary, estimated that 600 voters will have signed registration cards by that time.

Deadline for all Lane county residents to register will be 8 p.m. Saturday, October 5. Pond added that all out-of-state veterans 21 years of age are eligible to vote, regardless of the usual requirement that voters must have six months residence in order to qualify.

Students of foreign birth and others who wish to register in their home countries should apply at the Lane county courthouse not later than Saturday.

A campus precinct will be established in the YMCA building at election-time, but those who plan to vote elsewhere in the county may also register at the co-op booth. Druidmen officiating at the booth today were Bass Dyer, Tom Hazzard, Marty Pond, Phil Dana, and Ed Marshall.

A PICTURE OF HEALTH . . .

Carl Buggi, freshman in journalism, bares his chest to the borrowed and complicated 70-millimeter photo-fluorographic unit at the University infirmary. The X-ray unit, which is speeding up health examinations required for registration, was loaned to the health service by the State Board of Health.

### Pictures Required; Machine Now in Order

Credit for University courses will be withheld unless students complete their physical examinations, according to an announcement from Dr. Marian Hayes at the student health service yesterday.

During freshman week a burned-out tube in the imported X-ray unit caused a two-day postponement in chest examinations. Substitute appointments were made at that time but not all new students have met these appointments, Dr. Hayes said.

The infirmary will have the use of the board of health 70 mm X-ray unit for approximately two more weeks, after which students will be required to pay for the larger X-rays.

Graduate students and upper classmen are urged to take advantage of the unit now in operation. These films are sent to Portland to be read by the health service and scientific diagnosis is given to each of the pictures. When the results are tabulated, records will be sent to each individual student.
