

## Fewer Loans Granted Now

With money more plentiful this year, fewer students are applying for student loans, according to Virgil Earl, University dean of men.

Nevertheless, some students, especially veterans whose governments checks are late in arriving, may find it necessary to apply for financial assistance, Dean Earl said.

Student loan funds at the University are available subject to the following regulations:

1. No student shall be permitted to borrow from the University loan funds unless he has been enrolled in the University for at least one term. Students may petition for a waiver of this rule, if they feel an exception should be made.

2. No student shall be permitted to borrow from the University loan funds unless he has a cumulative 2.00 GPA or better. Students may

also petition for a waiver of this rule.

3. The service charge for emergency loans is 25 cents for all loans up to \$10 and 50 cents for all loans over \$10.

4. Students who do not pay their notes at the end of the first month will be required to pay an additional service charge of 25 cents per month for five months and six per cent interest on the unpaid balance thereafter until paid.

5. The interest rate for long-time loans is 6 per cent per year.

Two types of loans may be applied for, according to Dean Earl. An emergency loan is granted for sums up to \$50, and up to \$300 can be received through a long-time loan.

Women students desiring assistance should apply through the dean of women. Men should go to the dean of men's office in the basement of Johnson hall.

## Honor Students Awarded JC's

Junior certificates with honors privileges were awarded to 109 University students this summer, according to Clifford L. Constance, assistant registrar.

The certificate with honors privileges admits the students to upper division standing and permits them to work for bachelors' degrees with honors. A student must maintain a 2.75 GPA and fulfill all the requirements for the junior certificate, in order to receive the certificate with honors privileges.

The college of liberal arts led the list of honor students with 49. The school of business administration was second with 16 students.

## Students Start Work In BA Typing Classes

First term typists under the direction of Miss Martha Hoiland in the business administration school, will begin daily typing exercises at 30 to 35 words a minute. Progress

will increase gradually until a maximum speed of fifty words a minute is reached.

Famous speed limit of 200 words a minute was achieved last year by Eleanor Fulton, former Oregon business student.
